

## **Biography of Werner Roth for 2024 MISO RASC Chair**

Werner Roth is a Senior Market Economist with the Public Utility Commission of Texas (PUC). He began working for the PUC in January 2014, with a focus on the ERCOT wholesale energy and ancillary services markets. In late 2015, he transitioned towards becoming the subject matter expert on all things MISO for the PUC. He actively participates in numerous MISO forums, including serving as the voting proxy for the designated PUC commissioner in their Organization of MISO States (OMS) and Entergy Regional State Committee (ERSC) roles. Additionally, Mr. Roth has served as chair of the OMS Resources Work Group since 2017, has previously served in leadership roles for the LOLEWG (Vice-Chair in 2021 and 2022, Chair in 2023), and served as the vice chair of the RASC in 2023.

Mr. Roth has a B.S. in Chemical Engineering and Economics from Oregon State University and a M.S. in Economics from Baylor University.
