St. John the Baptist Cemetery

St. John the Baptist Cemetery is located between Pine Street and Bath Road in Brunswick, Cumberland County, Maine and is known by most simply as St. John's Cemetery. It is situated on the north side of Pine St. and the south side of Bath Rd. bordered by the Brunswick Naval Air Station on the east side and Varney Cemetery on the west side. The cemetery consists of 3,643 stones, the earliest dated 1854, is completely fenced and is still very active. A flagpole is situated near the center of the cemetery and about its base are stones representing the cemetery, the citizens of Brunswick, Elks, American Legion and Knights of Columbus. A maintenance building is located off Pine Street and the Ste. Marie family crypt is located near the center of the cemetery.

This record of St. John the Baptist Cemetery is dedicated to Judy Souther, the sextant of St. John the Baptist Church and caretaker of this cemetery, in recognition of the improvements she is making to these hallowed grounds as well as the valuable assistance she provided in connection to this record.

St. John the Baptist Cemetery

St. John the Baptist Cemetery is located between Pine Street and Bath Road in Brunswick, Cumberland County, Maine and is known by most simply as St. John's Cemetery. It is situated on the north side of Pine St. and the south side of Bath Rd. bordered by the Brunswick Naval Air Station on the east side and Varney Cemetery on the west side. The cemetery consists of 3,643 stones, the earliest dated 1854, is completely fenced and is still very active. A flagpole is situated near the center of the cemetery and about its base are stones representing the cemetery, the citizens of Brunswick, Elks, American Legion and Knights of Columbus. A maintenance building is located off Pine Street and the Ste. Marie family crypt is located near the center of the cemetery.

This record of St. John the Baptist Cemetery is dedicated to Judy Souther, the sextant of St. John the Baptist Church and caretaker of this cemetery, in recognition of the improvements she is making to these hallowed grounds as well as the valuable assistance she provided in connection to this record.

Contents

Volume 1 of 3 (Range 1 through 8)

- 1) Map illustrating the general arrangement of the cemetery.
- 2) Maps indicating the numbering of the ranges and detail maps.
- 3) Detail maps indicating the placement of the individual stones and markers by range.

Volume 2 of 3 (Range 9 through 17)

- 6) Record of each individual stones inscription.

Volume 3 of 3 (Range 18 through 20)

- 7) Detail maps indicating the placement of the individual stones and markers by range.
- 8) Record of each individual stones inscription.
- 9) Additional cemetery burials.

- 11) Index by family name giving the location in the cemetery corresponding to the maps and text.

Note

Numbering of the markers is only as an aid in locating the stone within the context of this survey and do not represent any town or cemetery association designation.

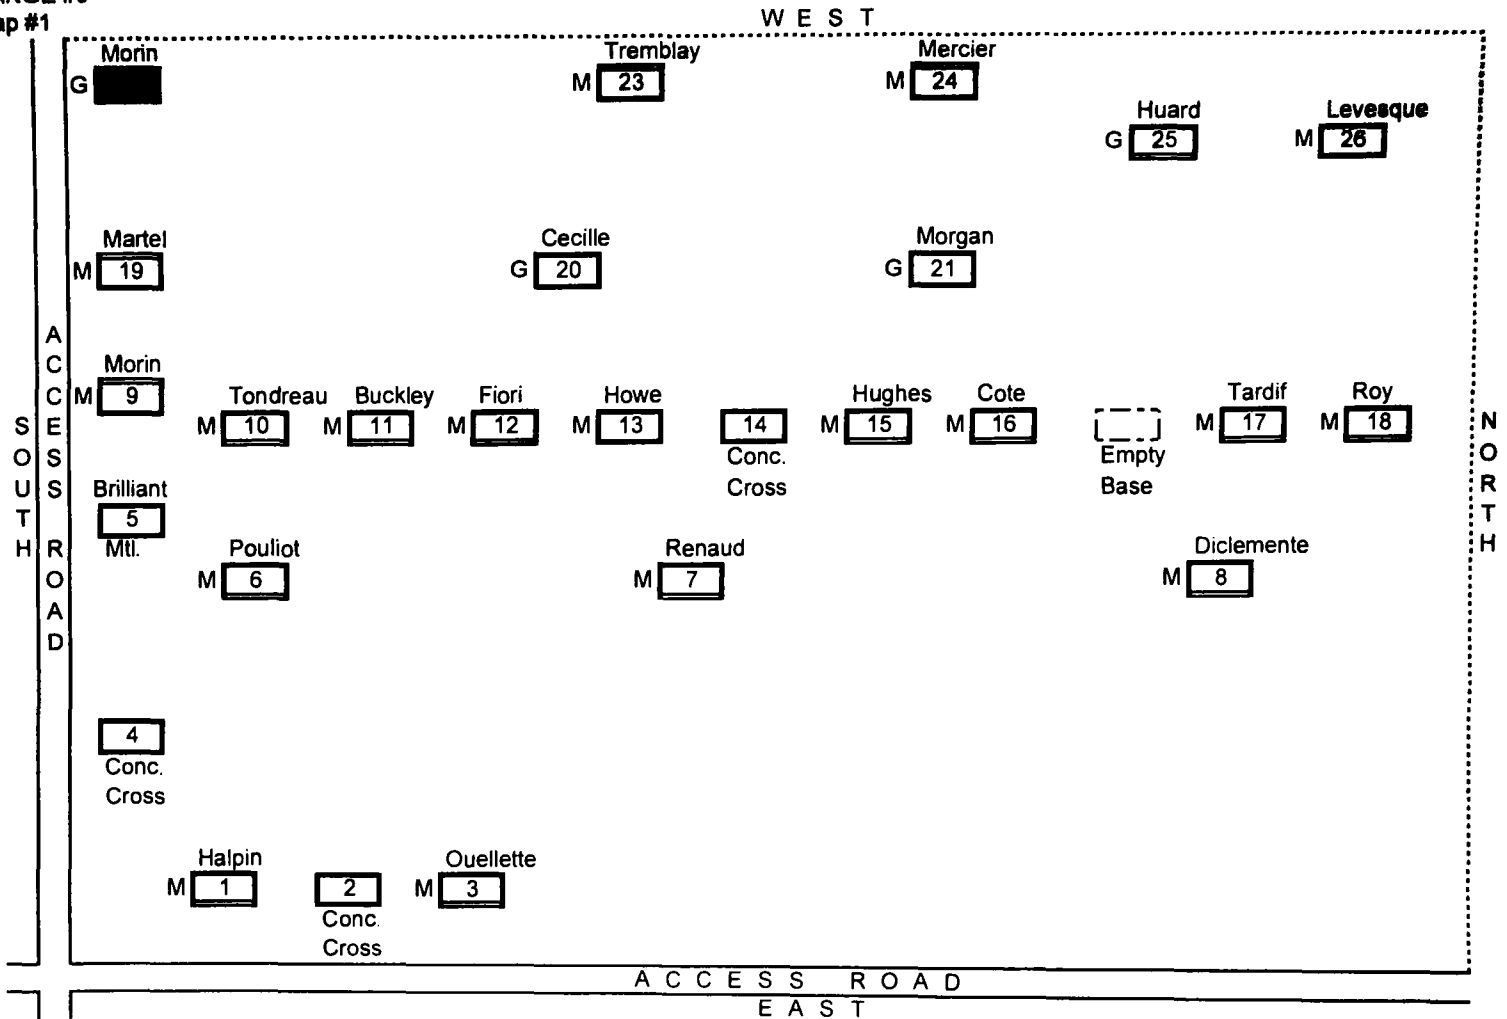

Detail maps indicate monuments and marker stones by a dark outline. A double line indicates the side of which the marker stone or monument is inscribed. No double line indicates that the inscription is on the top surface of the stone.

Type of marker, be it Marble, Granite, Metal or Concrete is indicated on the detail maps for the cemetery. M = Marble, G = Granite, Mtl. = Metal, Conc. = Concrete.

This record of St. John the Baptist Cemetery was produced by Donald Cheetham of Brunswick, Maine and Mark Cheetham of Richmond, Maine 2007 - 2009.

When we see the precious blossom,
that we tended with loving care,
rudely taken from our bosom,
how our hearts all most despair.
Round the little grave we linger,
till the setting sun is low,
feeling all our hopes have vanished,
with the flower we cherished so.

One precious in our hearts is gone,
the voice we loved is stilled.
The place made vacant in our home,
can never more be filled.
Our father in his wisdom called
the boon his love had given;
and though on earth the body lies,
the soul is safe in heaven.

St. John the Baptist Cemetery

St. John the Baptist Cemetery is located between Pine Street and Bath Road in Brunswick, Cumberland County, Maine and is known by most simply as St. John's Cemetery. It is situated on the north side of Pine St. and the south side of Bath Rd. bordered by the Brunswick Naval Air Station on the east side and Varney Cemetery on the west side. The cemetery consists of 3,643 stones, the earliest dated 1854, is completely fenced and is still very active. A flagpole is situated near the center of the cemetery and about its base are stones representing the cemetery, the citizens of Brunswick, Elks, American Legion and Knights of Columbus. A maintenance building is located off Pine Street and the Ste. Marie family crypt is located near the center of the cemetery.

This record of St. John the Baptist Cemetery is dedicated to Judy Souther, the sextant of St. John the Baptist Church and caretaker of this cemetery, in recognition of the improvements she is making to these hallowed grounds as well as the valuable assistance she provided in connection to this record.
