YOU ALLOW US TO REACH FURTHER

This year was filled with challenges and change for the Montreal Children's Hospital, beginning with the hospital's historic move to the Glen on May 24. The large-scale move wouldn't have been possible without the collaboration of everyone involved. Our teams of specialists worked tirelessly to ensure the smooth and safe transfer of patients. The result was unprecedented. We successfully executed the largest patient transfer in Canada.

The miracles we perform at the Children's couldn't happen without the mobilisation of our donors and partners. Your contributions and generosity are vital to our capacity to improve care, and combined with Montreal Canadiens' star defenceman P.K. Subban's support, our team is confident we'll grow even stronger in our ability to help sick children.

Funds raised during the 2014-2015 fiscal year allowed us to acquire versatile, state-of-the-art medical equipment. You helped us purchase vital signs monitors for hematology-oncology, an ultrasound with probes for cardiology, anesthesia machines for surgery and an array of tools and instruments for our new ambulatory clinics, to name but a few new acquisitions.

Your generous donations will also allow us to further our cutting-edge research in the fields of brain tumours, leukemia, cancer, cystic fibrosis and audiology, among others.

Our growth and achievements are possible thanks to your confidence in our capabilities. You give families hope and the chance to dream of a life without disease.

On behalf of the Children's, thank you for your support and for allowing us to push the boundaries of innovation.

MARTINE ALFONSO
ASSOCIATE EXECUTIVE DIRECTOR
MONTREAL CHILDREN'S HOSPITAL

INVESTING IN A BRIGHTER FUTURE

It's time to wrap up another memorable year. We've proved once again that through sharing and cooperation, we're capable of mobilizing for a cause that's dear to our hearts. This year, we saw \$27.8 million in revenue, an astonishing sum that wouldn't have been possible without the help of our corporate and individual donors, partner foundations, and the organizers and participants who took part in over 200 events in support of the Foundation.

Since May, our patients have been receiving treatment in one of North America's most modern pediatric hospitals. Many healthcare professionals have told us the new facilities have revolutionized the way they care for their young patients. There are, however, always areas for improvement and the hospital's needs are growing. To respond to those needs, we realized we had to review our process. We commissioned an in-depth evaluation of our practises, conducted by an outside firm, and have restructured our activities according to their recommendations. We feel confident we're in an even better position now to meet future challenges.

This year also marks the end of an important chapter for our Board of Directors. Chairman Greg Rokos is stepping down from his position. During his four years as chairman, Greg has made his mark, leaving a lasting impact on the board. We'd like to thank him for his work, and highlight his unique contribution and outstanding commitment, which we'll continue to count on as he remains active on the board. On behalf of the Montreal Children's Hospital Foundation, thank you, Greg!

MARIE-JOSÉE GARIÉPY
PRESIDENT

A FAREWELL MESSAGE

Over the past four years, I was fortunate to be a part of a fantastic team, made up of individuals who care deeply about the wellbeing of children. I had the opportunity to take part in several events and appreciate the extraordinary work of those who mobilized to support the Foundation. From the successful *Best Care for Children* campaign to the addition of P.K. Subban to our ranks, I feel lucky to have witnessed firsthand these pivotal moments for the Foundation and to have contributed to the advancement of the Children's cause.

In addition to our commitment to improving care, we invest in research to offer a better quality of life for the Children's patients and their families. Specialized equipment and personnel allow us to foster innovation and discovery. I sincerely believe that today's donations will be tomorrow's treatments and miracles, and this conviction has always guided my actions.

Over the 2014-2015 year, our Board of Directors sought to improve our governance, which was already known for its excellence, and created a human resources management committee.

When occupying the role of chairman, one always hopes to leave a positive mark, especially for when the cause is so dear. Although I'm stepping down as chairman, I plan to remain active and present in the Foundation for many years to come.

GREG ROKOS
CHAIRMAN OF THE BOARD

WHERE OUR DONATIONS COME FROM...

Donations to the Montreal Children's Hospital Foundation come from four main sources:

MAJOR GIFTS

Whether they are individuals, partner foundations or corporations, our major gift donors share a common goal to transform the way we deliver healthcare by funding specific projects, research or new equipment that allow the Children's to continue to be a leader in pediatric care. Major gift donors were instrumental in the success of the *Best Care for Children* Campaign to build the new Children's on the Glen site.

SPECIAL EVENTS

The Special Events Department works with organizations and individuals who show their tremendous support for the hospital by holding community events. From amateur sports tournaments to elegant fashion shows, grassroots fundraisers organize over 200 events each year to benefit the hospital's young patients. The Foundation's flagship events, including the Ball for the Children's, Pedal for Kids, Splash and Dash, and the Golf Tournament, and the activities of our Young Leaders Circle, contribute significantly to supporting care, teaching and research at the Children's.

ANNUAL SUPPORT

The Foundation's direct mail campaigns allow the Foundation to communicate directly with donors on a regular basis. Appeals like those done for Radiothon, grateful parents, grandparents and community members, Leadership Circle and corporate leaders generate funds that often go toward meeting the hospital's most urgent needs, supporting care and treatment when and where they are needed most.

LEGACY GIVING

Legacy giving provides donors with an opportunity to make a long-term commitment to the Children's. Whether gifts take the form of a tribute in the name of a loved one, an endowment, a bequest, a gift annuity or a life insurance policy, funds raised are essential to helping the hospital meet its most urgent needs and its long-term goals. Legacy donors recognize the importance of creating a lasting commitment that not only helps care for children today but leads to tomorrow's cures.

...WHERE DONATIONS GO

Donations to the Montreal Children's Hospital Foundation are distributed to the hospital and used to support the following:

CARE

A world-renowned leader providing a broad spectrum of highly specialized care to newborns, children, and adolescents, the Montreal Children's Hospital is a place where families can be confident they are in the best of hands. Through funding of innovative programs and equipment in numerous departments, your donations help our multidisciplinary teams of doctors, nurses and other healthcare professionals deliver child and family-centered care that is second to none.

RESEARCH

New discoveries and advancements made through research at the Children's are constantly transforming the field of pediatrics. Thanks to the generous support of visionary donors, researchers such as Dr. Geneviève Bernard, who along with her team, are looking for new genes to understand the cause of leukodystrophy, delivering precious knowledge from the lab to the bedside and providing new hope for generations of children to come.

TEACHING

The Montreal Children's Hospital is the pediatric teaching hospital of the Faculty of Medicine at McGill University, one of North America's top universities. Young healthcare professionals have the opportunity to learn from the best and brightest in their respective fields and many choose to continue their careers with the hospital. Dr. Preetha Krishnamoorthy, Director of Pediatric Undergraduate Education at McGill University, is an excellent example of a young professional highly involved in medical education, at both the undergraduate and post-graduate levels. She has won several prizes for her exceptional work over the course of her teaching career.

CARE: CONGENITAL HEART DISEASE PROGRAM

DR. CHRISTO TCHERVENKOV
Director, Division of Cardiovascular Surgery

DR. CHRISTO TCHERVENKOV, DIRECTOR OF THE DIVISION OF CARDIOVASCULAR SURGERY AT THE MONTREAL CHILDREN'S HOSPITAL, FINDS IT AMAZING THAT HE CAN PARK THE CAR WHEN HE GETS TO WORK AND NOT HAVE TO MOVE IT AGAIN THAT DAY.

"Finally, our congenital heart disease program is under one roof! This is unbelievable," says Dr. Tchervenkov, one of the pillars of the congenital heart disease program at the Children's.

The program serves patients well beyond our city and province, like five-month-old Mireya. Her family brought her to Montreal from Winnipeg at the end of the summer to address life-threatening heart malformations that allowed oxygenated and non-oxygenated blood to mix in Mireya's

tiny heart. Fortunately, Mireya's family were able to turn to one of the world's foremost pediatric cardiac surgeons.

"When we first met Dr. Tchervenkov on Mireya's pre-op day, he told us exactly what he would be doing and explained the risks," says Mireya's mom, Maryse. There was no holding back, she remembers. "We were happy with how he told us everything!" That was September 9. The operation to fix Mireya's heart was set for the 10th.

"It was a long day." The simple statement belies the anguish of waiting for hours for a signal that all is well. "We were 12 hours without seeing her that day." But they were not in the dark. Mireya's parents received regular updates from their cardiology nurse, Sandra: "She was there with us, along with a social worker, Matthew. They were excellent! They were right there when we needed them."

Dr. Tchervenkov and his team brought Mireya through a successful operation. "We will always be very grateful to Dr. Tchervenkov and the entire healthcare team. It's difficult to put in words a proper thank-you for saving our daughter's life."

Maryse also has a thought for the Children's generous donors. "Funding towards the Montreal Children's Hospital is essential to ensure that the best possible care continues to be given to the little angels that have to spend time there." Dr. Tchervenkov agrees, noting that the drive for the best possible pediatric care continues: "We still need help to ensure that the new hospital is used to its full capacity."

"Finally, our congenital heart disease program is under one roof! This is unbelievable."

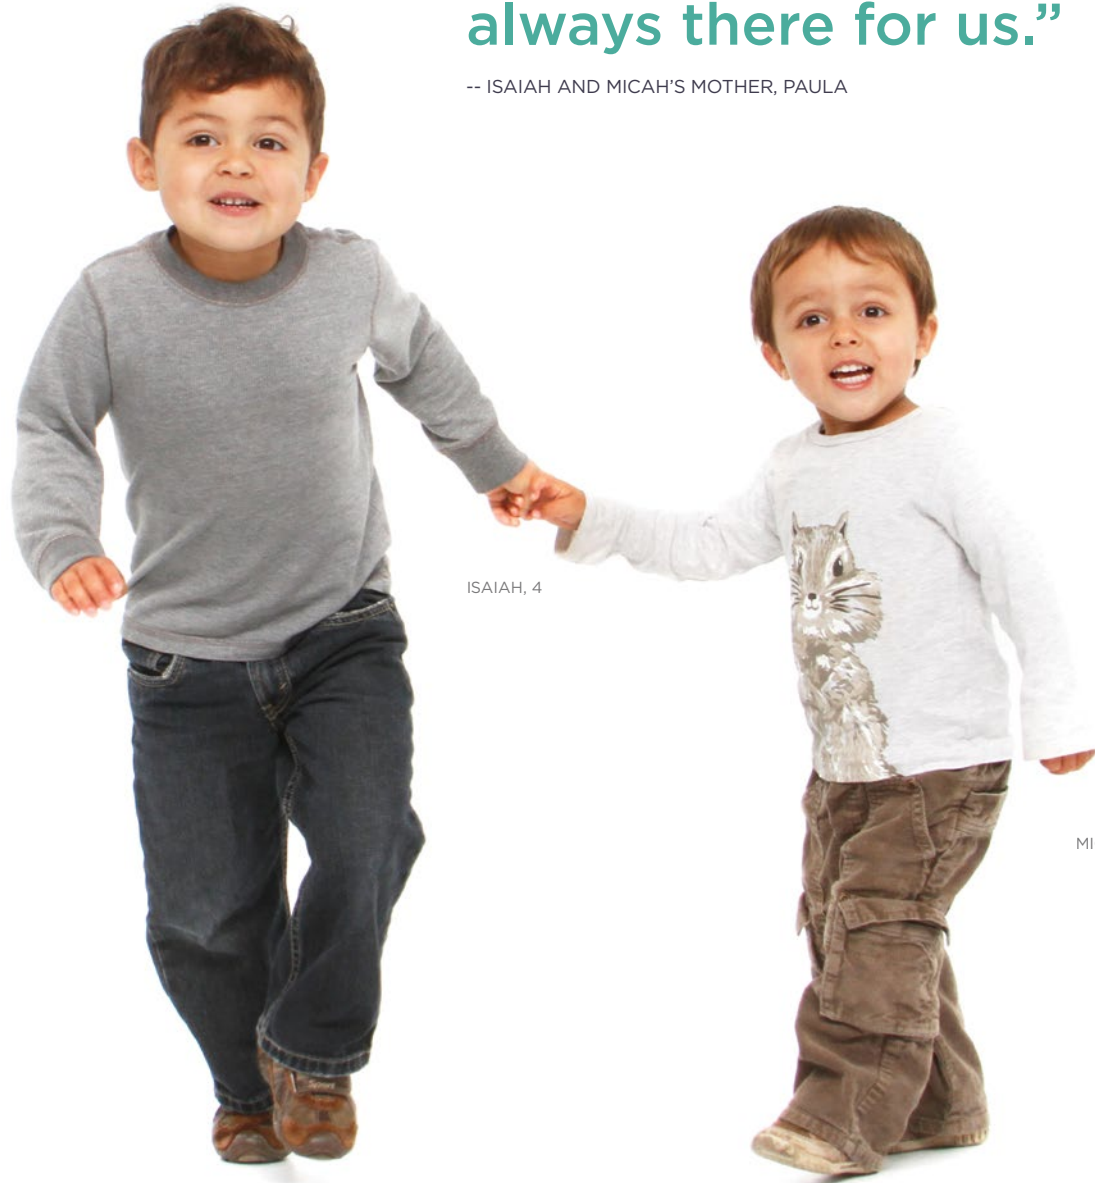

-- DR. TCHERVENKOV

MIREYA, 5 MONTHS

“She’s spectacular. She’s been a lifeline for our family. Around the clock, she’s always there for us.”

-- ISAIAH AND MICAH'S MOTHER, PAULA

ISAIAH, 4

MICAH, 2 ½

TEACHING: BRINGS NEW HOPE

DR. PREETHA KRISHNAMOORTHY
Director of Pediatric Undergraduate Education

FOUR-YEAR-OLD ISAIAH AND TWO-AND-A-HALF-YEAR-OLD MICAH LIVE WITH A POTENTIALLY LIFE-THREATENING ADRENAL INSUFFICIENCY THAT BRINGS THEM TO THE MONTREAL CHILDREN'S HOSPITAL FOR REGULAR HORMONE REPLACEMENT THERAPY.

While the two boys are patients of pediatric endocrinologist, Dr. Preetha Krishnamoorthy, they are also helping to train future generations of physicians.

Dr. Krishnamoorthy is a dedicated clinical practitioner, but as Director of Pediatric Undergraduate Education at the Children's, she is also a tireless teacher. “Teaching happens everywhere at the Children's,” says Dr. Krishnamoorthy. “Preparing the next generation of physicians is an integral part

of the core mission of the hospital and it involves everyone. We work hard at different levels to promote teaching.”

Among her greatest admirers is Isaiah and Micah's mother, Paula, who has often had occasion to observe that her doctor is rarely alone. “She always has lots of students with her.” In addition to students, she'll often bring other physicians and nurses, therapists and technicians. Paula says she and her family appreciate that the doctor to her two children maintains close contacts both within and outside the confines of the Children's. “It has been a great comfort to us that Preetha is part of such a great network of professionals and students.”

World-renowned for the quality of its care, the Children's is equally renowned for the quality of its teaching. As the only pediatric teaching hospital for McGill University's Faculty of Medicine, the Children's has trained generations of healthcare professionals. Under the 30-year tenure of the Department's clerkship co-ordinator, the late Dr. Wendy MacDonald, the Department of Pediatrics became widely-recognized as a leader and innovator in medical education. Her influence was such that an academic Chair in pediatric medical education was created in her honour so that others may continue her pioneering work.

As Dr. MacDonald's successor, Dr. Krishnamoorthy is dedicated to making sure the students acquire the best knowledge about the unique practice of pediatric care.

As she makes her rounds, bringing her patients and students together, helping each benefit from the other, Dr. Krishnamoorthy reinforces the culture and values that have made the Montreal Children's a leading pediatric hospital. “There are so many great people at the Children's. All have a commitment to teaching and life-long learning”.

RESEARCH: MEDICAL INNOVATORS

DR. GENEVIÈVE BERNARD
Pediatric neurologist and researcher

His mother, Johanne, says Olivier was terribly scared when he learned that he had the illness that would eventually take his brother, “but he tells himself that his illness is not progressing nearly as fast as William’s, and he seems to find some comfort in that.”

The family has found reason to hope. For over seven years, they have participated in a research program led by Dr. Geneviève Bernard, a pediatric neurologist and researcher at the Children’s. Dr. Bernard’s team recently identified three genes responsible for causing a subset of leukodystrophies called RNAPol III-related leukodystrophies. Dr. Bernard hopes to build on that success by identifying new forms of the disorder and is already working on the next step: instituting a translational program to accelerate the transfer of research results from the lab to the bedside to benefit young patients quicker. “Sometimes, my team and I make incredible discoveries. But in our work, the discoveries are never sufficient, and they never happen quickly enough.”

Olivier’s mom knows the truth of that better than most. She continues to dream of a treatment for Olivier.

“Dr. Bernard is truly dedicated to improving the condition of children with this disease,” says Johanne. “Their parents should have hope and not simply be told that they must resign themselves to seeing their child die but research takes money. We hope that people continue to be generous.”

OLIVIER WATCHED AS LEUKODYSTROPHY LEFT HIS OLDER BROTHER, WILLIAM, UNABLE TO WALK OR EAT, AND, ONE YEAR AGO, ROBBED HIM OF HIS LIFE AT AGE 19. OLIVIER, 18, HAS THE SAME ILLNESS.

TACH or 4H leukodystrophy is one of 20 known types of this rare genetic disorder that affect the central nervous system by disrupting the myelin sheath that insulates nerve cells. The disorders tend to get worse with time.

Unlike most other leukodystrophy patients his age, Olivier can walk and eat on his own. But his tremors and his poor motor skills, coupled with his attention deficit have made schooling very difficult. Most difficult of all, however, is knowing what awaits.

“We hope that people continue to be generous.”

--JOHANNE, OLIVIER’S MOTHER

OLIVIER, 18

opération enfant soleil

FOR OVER 25 YEARS, OPÉRATION ENFANT SOLEIL HAS DEDICATED ITSELF TO IMPROVING THE LIVES OF PATIENTS AND THEIR FAMILIES AT THE MONTREAL CHILDREN'S HOSPITAL.

Supported by thousands of volunteers, donors and other partners, Opération Enfant Soleil contributed \$25 million to the *Best Care for Children* campaign to help build the new hospital. In recognition of this unprecedented level of support, both the emergency and medical imaging departments in the new Children's are named in its honour.

Since 1989, donations from Opération Enfant Soleil and its supporters have transformed medical care at the Children's. One of these transformations can be seen in the Acute Care Unit, a new innovative unit at the Glen site conceived by the Intensive Care Unit team for young patients who need intensive observation after a surgery but who don't require the acute constant monitoring of the ICU. Opération Enfant Soleil provided non-invasive respiratory equipment for this unit, allowing the hospital to increase the number of surgeries performed by 20% in just 6 months.

OPÉRATION ENFANT SOLEIL ALSO INVESTED IN INNOVATION. SOME KEY PROJECTS INCLUDE:

- a virtual waiting room to inform parents electronically of wait times in the day clinics so they may move about freely without fear of missing an appointment
- an online registration service so parents can save time by registering their children from home
- e-tools for staff to gather and consult patient information with greater ease and accuracy and to allow parents to consult their child's file at any time of day or night

MALIK, 1, ACU PATIENT

Opération Enfant Soleil is a key ally in helping the Children's remain at the forefront of modern medical care and the Foundation couldn't be prouder to count them among its most loyal partners.

A PIVOTAL YEAR

\$27.8
MILLION
2014-2015

THE 2014-2015 FISCAL YEAR WAS PIVOTAL FOR THE FOUNDATION, MARKED BY THE COMPLETION OF A MAJOR CAMPAIGN AND PREPARATION FOR THE MONTREAL CHILDREN'S HOSPITAL'S HISTORIC MOVE TO THE GLEN.

Thanks to your conviction and commitment to excellence in care, we stayed on course, raising nearly \$21 million in donations and earning \$6.8 million in net investment income, for a total of \$27.8 million in revenue. It was a truly excellent year, thanks to the support of major foundations, corporations and the community, as well as the exceptional work of the Foundation's volunteers and staff.

The economy and financial markets were on our side this year, with net investment income totalling over \$6.8 million, representing a net return of 10.6% on investments and almost 25% of the Foundation's total revenue for the 2014-2015 year. Over the past seven fiscal years, the Foundation

earned an average net return of 6.8% on its investments. Its continued growth is made possible by the investment committee's hard work.

In 2015, we earned our certification in payment card industry (PCI) compliance, the credit industry standard. As credit card donations represent over 20% of our revenue, we revised our procedures to comply with new standards. We can truly say, "Mission accomplished!"

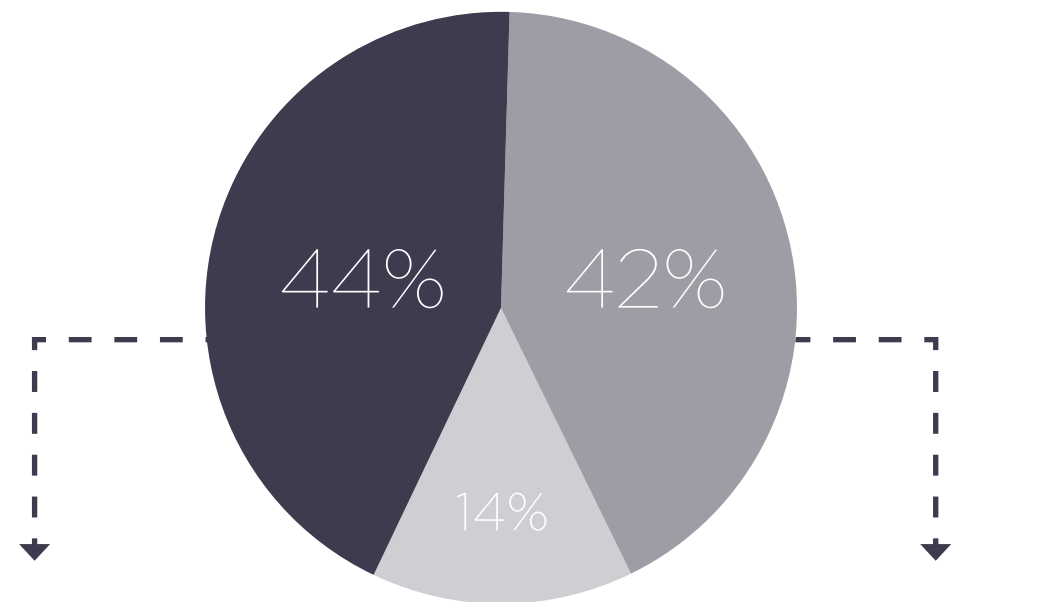

The Foundation is known for having one of the lowest cost per dollar raised amongst all Canadian pediatric hospital foundations. We continue to maximise each dollar earned and limit our administrative and fundraising costs to better meet the Children's most urgent needs.

This year, the Foundation contributed over \$12 million to the hospital, including \$5.4 million for research, \$1.8 million for equipment and \$5.2 million for special projects.

Our new fiscal year started with the transferring of our young patients to a world-class hospital, fulfilling our mission of providing sick children with excellent care. This new environment offers infinite possibilities in terms of treatment and equipment, and paves a path of innovation that your future donations will transform into leading medical care.

Timothy E. Price
Treasurer

RESEARCH EQUIPMENT AND SERVICES, AND TEACHING (\$5,440,436)

- two endowed academic chairs in social pediatrics and pediatric medical education
- scholarships and fellowships to support the next generation of researchers
- innovative pilot projects in neonatology, cardiology, nephrology, and genetics
- laboratory equipment and supplies
- funding for the new Children's Research Institute on the Glen Site

HOSPITAL EQUIPMENT AND SERVICES (\$1,795,033)

- specialized equipment, including a pulse radio-frequency lesion generator for chronic pain management, an electrocautery tool for the ear, nose and throat clinic, a slit lamp camera for ophthalmology, an ultrasound for neurosurgery, and a flexible bronchoscopy system for the pulmonary function testing laboratory
- the Tiny Tim Fund, which provided assistance to more than 600 vulnerable families facing financial hardships due to their child's illness
- trauma prevention and community outreach program, including a video on safe driving practices aimed at teens

SPECIAL PROJECTS (\$5,245,466)

- BAHA devices for children with hearing impairments
- craniofacial and cleft palate surgery
- pet therapy, music therapy, parental presence in induction, and literacy programs
- early development impairment initiative
- eating disorders program and art therapy for adolescent medicine

THE FOLLOWING COMMITTEES SHARE FINANCIAL RESPONSIBILITIES:

The Executive Committee, chaired by Greg Rokos, maintains control mechanisms to ensure that funds raised honour donors' requests and best serve the needs of our young patients.

The Budget Committee, chaired by Timothy E. Price, plays a key role in establishing the annual budget and in monitoring the Foundation's performance.

The Audit Committee, also chaired by Timothy E. Price, works with external auditors, Deloitte LLP, and is mandated to oversee the organization's financial statements, as well as to recommend appropriate accounting policies and practices.

The Investment Committee, chaired by Katrin M. Nakashima, ensures that funds are prudently invested and well managed by providing advice on investments policies and making investment decisions on behalf of the Foundation.

The Human Resources Committee, chaired by Karen Leggett, is responsible, on behalf of the Board, for the stewardship of a key asset of the Foundation, its "human capital." This includes overseeing the performance and compensation of its President and the organization's overall compensation philosophy.

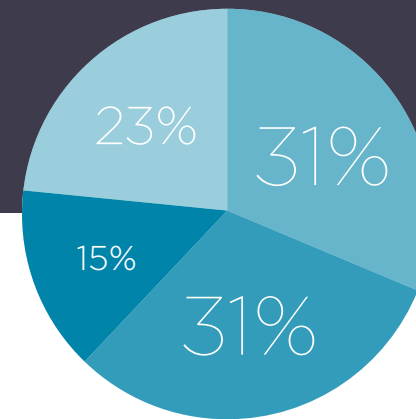

FINANCIAL HIGHLIGHTS

INVESTMENT MANAGEMENT AND PHILOSOPHY

The MCHF Board of Directors manages endowed funds with assistance from the Board's Investment Committee. The Investment Committee monitors the performance of the investment managers. The Foundation's objective is to earn an annual rate of return at least equal to the Consumer Price Index plus 4.5% over four-year moving periods, assuming normal capital markets during the period. However, these objectives should be achieved in a manner consistent with an appropriate degree of risk.

CERCLE DES BIENFAITEURS CHILDREN'S CIRCLE OF CARE

Les individus, fondations familiales et entreprises privées qui effectuent un don de 10 000 \$ ou plus à l'Hôpital de Montréal pour enfants deviennent membres du Cercle des bienfaiteurs, un regroupement nord-américain de philanthropes préoccupés par la santé des enfants. En 2014, ce programme a permis de recueillir quelque 589 millions \$ pour les 26 grands centres hospitaliers pédiatriques qui en faisaient partie. Par ailleurs, le Cercle des mécènes honore les donateurs ayant contribué cumulativement 1 million \$ ou plus au bénéfice du Children depuis 1995, date de la fondation du Cercle des bienfaiteurs. Individuals, family foundations and privately held corporations who generously donate \$10,000 or more are members of the Children's Circle of Care, a group of leading philanthropists in child health throughout North America. In 2014, a total of \$589 million was donated to the 26 prominent children's hospitals that participate in this program. Members of the Royal Circle are honoured for their cumulative contributions of \$1 million or more to the Children's since 1995, when the Children's Circle of Care was established.

CERCLE DES LEADERS LEADERSHIP CIRCLE

Les besoins d'un grand hôpital pédiatrique universitaire sont à la fois nombreux et variés. Nous tenons à remercier les membres du Cercle des leaders pour leurs dons de 500 \$ à 9 999 \$. Ceux-ci aident l'hôpital à remplir sa mission de prodiguer des soins pédiatriques spécialisés, d'effectuer des recherches de pointe et de former la prochaine génération de médecins. The needs of a pediatric teaching hospital are numerous and varied. We thank the members of the Leadership Circle for their gifts of \$500 to \$9,999, which help the Hospital to fulfill its mission of providing specialized medical care, pursuing cutting-edge research and teaching the next generation of physicians.

« J’ai constaté par moi-même les conséquences des maladies intestinales inflammatoires sur la vie des patients et de leur famille. Depuis les débuts du tournoi en 2008, Squash Crohn’s a financé d’importants projets de recherche et des soins essentiels pour les personnes touchées par ces maladies. Au nom de notre comité, je tiens à souligner les efforts de collecte de fonds de tous les joueurs ainsi que la générosité de la collectivité qui a travaillé ensemble pour amasser près de 320 000 \$ et faire de cet événement un succès retentissant. »

Matt Altro, cofondateur de Squash Crohn’s

“I have seen firsthand how IBD affects the lives of patients and their families. Since the tournament’s inception in 2008, Squash Crohn’s has funded important research and essential care for those affected by these diseases. On behalf of our committee, I want to thank the fundraising efforts of the players as well as the generosity of the community who have come together to raise upwards of \$320,000 and made this event a tremendous success.”

Matt Altro, Co-founder of Squash Crohn’s

« Leucan entretient une précieuse collaboration avec l’Hôpital de Montréal pour enfants et son personnel, pour former une équipe professionnelle et rassurante qui offre des services distinctifs et adaptés aux familles et qui, par le financement de la recherche clinique, travaille à l’amélioration en continu des traitements. »

Marie-Line Beauchamp, Directrice générale

“Its special relationship with Leucan allows the Montreal Children’s Hospital to foster the development of a professional and trustworthy team that offers unique services adapted to families, and thanks to clinical research funding, works to continuously improve treatments.”

FONDACTIONS PUBLIQUES ET ORGANISMES DE BIENFAISANCE AFFILIÉS PUBLIC FOUNDATIONS AND AFFILIATED CHARITIES

Nous sommes particulièrement reconnaissants de pouvoir travailler avec plusieurs organismes philanthropiques et fondations publiques ayant pour objectif le bien-être des enfants et adolescents aux prises avec la maladie. Leur engagement continu et leur grande générosité aident le Children à se maintenir à l'avant-garde de la médecine pédiatrique. We are fortunate to be able to partner with a number of charities and public foundations that are dedicated to the well-being of sick children and adolescents. Their ongoing commitment and generosity help to keep the Children's at the forefront of pediatric care.

ÉVÉNEMENTS SPÉCIAUX ET GROUPES COMMUNAUTAIRES SPECIAL EVENTS & COMMUNITY GROUPS

La Fondation de l'Hôpital de Montréal pour enfants a la chance de pouvoir compter sur plus de 200 activités de collecte de fonds organisées en sa faveur dans la communauté. Les efforts combinés de milliers de bénévoles, d'organismes et de participants permettent de recueillir chaque année des millions de dollars en vue d'acquiescer de l'équipement médical vital, de financer des projets particuliers et d'appuyer de nombreux programmes communautaires ou de soutien au développement des enfants. The Montreal Children's Hospital Foundation is privileged to count on the support of more than 200 community fundraising activities. The combined efforts of thousands of volunteers, event organizers and supporters raise millions of dollars each year to acquire life-saving medical equipment, invest in special projects and support community outreach and child advocacy programs.

CERCLE DES DÉCIDEURS EXECUTIVE CIRCLE

Le Cercle des décideurs souligne le rôle crucial joué par les dirigeants d'entreprises qui contribuent 25 000\$ ou plus à nos événements majeurs, à des projets spéciaux de l'hôpital ou à la campagne *Les meilleurs soins pour les enfants* qui a permis la construction du nouveau Children. The Executive Circle highlights the important role of corporate leaders who contribute \$25,000 or more to major events, special hospital projects or the *Best Care for Children* campaign that helped build the new Children's.

« Au sein de Rio Tinto, nous croyons fermement que notre réussite en tant qu'entreprise passe par la santé des communautés où nous vivons et travaillons. L'expertise et le soutien indispensable que l'Hôpital de Montréal pour enfants apporte à toute la population québécoise, de Ivujivik à Hemmingford, sont un exemple de cette vision d'excellence, et nous sommes fiers d'y être associés. »

Alfredo Barrios, Chef de la direction, Aluminium, Rio Tinto

“At Rio Tinto, we strongly believe that our success is linked to the wellbeing of the communities in which we live and work. The expertise and care offered at the Montreal Children's Hospital to the population of Quebec, from Ivujivik to Hemmingford, are also vital to the health of our communities. We are proud to share this vision of excellence.”

Alfredo Barrios, Chief executive, Aluminium, Rio Tinto

ENTREPRISES / CORPORATE DONORS

Nous voulons exprimer notre profonde gratitude aux centaines de petites, moyennes et grandes entreprises ayant fait de la santé des enfants leur priorité et qui donnent chaque année de 2 500 \$ à 24 999 \$ à notre campagne auprès des entreprises ou à l'occasion de nos événements. Leur générosité fait un monde de différence dans la vie de nos jeunes patients. We thank the hundreds of small, medium and large companies that make children's health a priority through their annual donations of \$2,500 to \$24,999 to the Corporate Appeal or one of our special events. Their generosity makes a world of difference in the lives of our young patients.

« Nous sommes fiers d'associer le nom de Desjardins à la recherche d'avant-garde en santé pédiatrique qui se fait au HME, car nous faisons de l'éducation une priorité en misant sur le savoir pour contribuer à l'avancement de la société et au plein développement des personnes »

Monique F. Leroux, Présidente et chef de la direction du Mouvement des caisses Desjardins

“We are proud to associate the name of Desjardins with the cutting-edge pediatric research conducted at the MCH. For us, education is a priority and we believe that knowledge contributes to the advancement of society and helps people reach their full potential”

Monique F. Leroux, Chair of the Board, President and Chief Executive Officer of Desjardins Group

DONS COMMÉMORATIFS ET EN L'HONNEUR/ TRIBUTES

Rendre hommage à un être cher ou célébrer une occasion spéciale constituent une excellente opportunité de permettre aux enfants malades d'espérer vivre plus longtemps et en santé. Nous remercions chaleureusement tous ceux et celles qui ont pensé à nos jeunes patients au cours de la dernière année. Commemorating a loved one or celebrating a special occasion is a meaningful way to give children the gift of longer and healthier lives. We thank everyone who thought of our young patients this past year.
