*Schrader on Schrader* Paul Schrader, Kevin Jackson, 2004 *Schrader on Schrader* is an essential set of dialogues with one of the most genuinely fascinating and uncompromising writer-directors in American film. Raised as a Calvinist and hence forbidden to partake of 'worldly pleasures' such as movies, Paul Schrader nevertheless defied his upbringing to become first a leading film critic, then a star pupil among the US 'movie brat' generation of the 1970s: writing the coruscating screenplays for Martin Scorsese's *Taxi Driver* and *Raging Bull* and directing such provocative pictures as *Blue Collar*, *Hardcore* and *American Gigolo*. Maturity has never sated his appetite for attacking 'difficult' material, from adapting Kazantzakis' *The Last Temptation* for Scorsese, to filming the singular lives of Mishima and Patty Hearst. *Schrader on Schrader* is a tour through this formidable body of work, including some of Schrader's finest critical essays.

**Schrader on Schrader** Paul Schrader, Kevin Jackson, 1990 BIOGRAPHY/AUTOBIOGRAPHY

*Schrader on Schrader* Paul Schrader, Kevin Jackson, 1992-01 'A stimulating book and the best so far in a fine Faber series' *Sunday Correspondent*. Paul Schrader is one of Hollywood's most original and gifted directors. He has also pursued distinguished careers as critic and screenwriter, writing films, such as *Taxi Driver*, which are harsh and anguished, preoccupied with vengeance and the thirst for redemption. *Schrader on Schrader* charts, in his own words, Paul Schrader's journey from critic to screenwriter to director, and includes a selection of his essays.

**Transcendental Style in Film** Paul Schrader, 2018-05-18 With a new introduction, acclaimed director and screenwriter Paul Schrader revisits and updates his contemplation of slow cinema over the past fifty years. Unlike the style of psychological realism, which dominates film, the transcendental style expresses a spiritual state by means of austere camerawork, acting devoid of self-consciousness, and editing that avoids editorial comment. This seminal text analyzes the film style of three great directors—Yasujiro Ozu, Robert Bresson, and Carl Dreyer—and posits a common dramatic language used by these artists from divergent cultures. The new edition updates Schrader's theoretical framework and extends his theory to the works of Andrei Tarkovsky (Russia), Béla Tarr (Hungary), Theo Angelopoulos (Greece), and Nuri Bilge Ceylan (Turkey), among others. This key work by one of our most searching directors and writers is widely cited and used in film and art classes. With evocative prose and nimble associations, Schrader consistently urges readers and viewers alike to keep exploring the world of the art film.

This volume of essays - one of the first collections to assess Schrader's contributions to directing, screenwriting and criticism - includes the first original appraisals of his much-lauded masterpiece *First Reformed* (2017), as well as a chapter-length interview with Schrader himself, conducted by the editors. Providing a comprehensive exploration of his groundbreaking achievements in cinema, the book considers Schrader's more overlooked films and provides new insights to their connection with his celebrated work in direction and screenwriting such as *Taxi Driver* (1976), *Cat People* (1982) and *The Comfort of Strangers* (1990).

*Taxi Driver* Paul Schrader,2000 A drama about a New York cab driver is driven to obsession when he attempts to save a teenage prostitute and embarks on a violent rampage against a world of filth and corruption.

**Badges without Borders** Stuart Schrader,2019-10-15 From the Cold War through today, the U.S. has quietly assisted dozens of regimes around the world in suppressing civil unrest and securing the conditions for the smooth operation of capitalism. Casting a new light on American empire, *Badges Without Borders* shows, for the first time, that the very same people charged with global counterinsurgency also militarized American policing at home. In this groundbreaking exposé, Stuart Schrader shows how the United States projected imperial power overseas through police training and technical assistance—and how this effort reverberated to shape the policing of city streets at home. Examining diverse records, from recently declassified national security and intelligence materials to police textbooks and professional magazines, Schrader reveals how U.S. police leaders envisioned the beat to be as wide as the globe and worked to put everyday policing at the core of the Cold War project of counterinsurgency. A “smoking gun” book, *Badges without Borders* offers a new account of the War on Crime, “law and order” politics, and global counterinsurgency, revealing the connections between foreign and domestic racial control.

**First Reformed** Paul Schrader,2021-04-20 Called “an ecstatic, arc-bright wonder and terror” by *The New Yorker*, this major work of art now receives a first printing, featuring a brilliant introductory essay by Masha Tupitsyn. This Academy

Award-nominated screenplay is one of the greatest and most urgent in Paul Schrader's long and decorated career. Called a "portrait of a soul in torment, all the more powerful for being so rigorously conceived and meticulously executed" in the New York Times, *First Reformed* follows the Rev. Ernst Toller as his crisis of faith coincides with a recognition of looming environmental catastrophe. It is an uncompromising work that seamlessly synthesizes a tribute to Bresson with a profound, existential meditation on the everexpanding devastation that humanity is spreading over the natural world. The crowning late period achievement for an undisputed legend of screenwriting, this is both a master class in concision, depth and emotional range, and a continually relevant work of activist import.

**The Trouble with Music** Mathew Callahan, 2005 Is capitalism killing music? A critical look at the music industry.

**Fight to Live, Live to Fight Veteran Activism after War** Benjamin Schrader, 2019-07-01 Examines US foreign and domestic policy through the narratives of post-9/11 US military veterans and the activism they are engaged in. While veterans are often cast as a "problem" for society, *Fight to Live, Live to Fight* challenges this view by focusing on the progressive, positive, and productive activism that veterans engage in. Benjamin Schrader weaves his own experiences as a former member of the American military and then as a member of the activist community with the stories of other veteran activists he has encountered across the United States. An accessible blend of political theory, international relations, and American politics, this book critically examines US foreign and domestic policy through the narratives of post-9/11 military veterans who have turned to activism after having exited the military. Veterans are involved in a wide array of activism, including but not limited to antiwar, economic justice, sexual violence prevention, immigration issues, and veteran healing through art. This is an accessible, captivating, and engaging work that may be read and appreciated not just by scholars, but also students and the wider public. "There is currently no book on the market that does what this book does (and could do) and I welcome it. There are books on veterans, of course, but there are none that focus in particular on veterans' activism written by a veteran activist and academic. The book is in many ways a testament to our time and a kind of generational story that I am sure many veterans will relate to." — Synne L. Dyvik, University of Sussex

With this delightful thought-provoking book, everyone can start making changes in how they eat today that will have a big impact on our planet tomorrow. In these times of climate crisis, this is a must-read for all who care about food, our climate, and all the living beings who share our planet.” - Abby Maxman, president and CEO of Oxfam America “When Alejandra writes about the relationship between the food we eat and the impact it has on the environment, she’s not just doing it on a hunch—she’s done the research and shares it in a way that’s not polarizing or politicizing. By setting the table with food and facts, Alejandra provides anyone who cares about the food they eat with plenty of inspiration for creating meals that taste—and do—good.” - Courtney Hazlett, executive producer and creator, Netflix’s Restaurants on the Edge “Our planet is in a crisis. Food systems are in a crisis. Rates of malnutrition—stunting and starvation and obesity—are on the increase. Many countries around the world have adopted farming and production patterns that are designed for convenient consumption and mass calories rather than the sustainability of the planet and good health. With more than 30,000 edible plants available on Earth, it’s criminal we have come to rely on 3 crops for more than 60% of our calories. It’s crucial we understand the relationship between nutrition and the health of our bodies—as well as planetary health—in order to care for our planet and to change food systems for the better. However, we can’t talk about planetary health, food systems, and nutrition without discussing flavor, taste, and emotions! People connect with food because it nourishes not just their bodies but also their souls. Alejandra has the passion and emotion required to create beautiful recipes that speak to the soul as well as the knowledge and conviction to speak with authority on the need to reduce our carbon impact in order to sustain the planet while increasing our individual and collective health. In The Low-Carbon Cookbook, Alejandra guides us through how to choose and cook ingredients that reduce greenhouse gas emissions, with the ultimate goal of changing how we interact with food for the better—all while bringing her natural flair and talent for creating delicious dishes that encourage good food for all.” - Paul Newnham, director of the SDG2 Advocacy Hub Secretariat and the Chefs’ Manifesto “What people eat affects

all parts of their lives as well as life on this planet. It's not enough anymore to only consider nutrition, health, and enjoyment, but we must further consider climate, the environment, and the livelihoods of food workers and producers in all parts of the world. We must also do it knowing fully well that our choices impact people far removed from us, particularly through the effect on climate. The Low-Carbon Cookbook brings together a contribution of thoughtful ideas about how we can choose what we eat in a way that's not only good for us but also for other people, for our planet, and for our collective prosperity." - Dr. Agnes Kalibata, special envoy of the UN Secretary-General for the Food Systems Summit "Good for my body and good for our planet—that's my mantra for deciding what to eat, cook, and buy. Lucky for us, Alejandra has taken the guess work out of making healthy, planet-friendly meals that are deeply satisfying. These creative and flexible recipes make it easy to be better citizens of the planet and shepherds of our health." - Mary Sue Milliken, chef and food systems advocate

Bringing Out the Dead Paul Schrader, Joe Connelly, 2000 The author of Taxi Driver returns to the darkest streets of New York City for another story of lost souls. It is the early 1990s: Frank Pierce is an EMS paramedic, driving an ambulance through the city's darkest streets on the 'graveyard shift'. Surrounded by the injured and the dying, Frank is dwelling in an urban night-world, and crumbling under the accumulated weight of too many years spent saving - and losing - lives. Bringing Out the Dead is the account of fifty-six hours in Frank's life - two days and three nights on the job - as, hungering for redemption, he reaches the very brink of spiritual collapse. Paul Schrader's fourth collaboration with director Martin Scorsese continues their fascinated exploration of the lives of drifting, soulful, lonely characters.

*The Turnaround* George P. Pelecanos, 2008-08-01 On a hot summer afternoon in 1972, three teenagers drove into an unfamiliar neighborhood and six lives were altered forever. Thirty five years later, one survivor of that day reaches out to another, opening a door that could lead to salvation. But another survivor is now out of prison, looking for reparation in any form he can find it. THE TURNAROUND takes us on a journey from the rock-and-soul streets of the '70s to the changing neighborhoods of D.C. today, from the diners and auto garages of the city to the inside of Walter Reed Army Medical Hospital, where wounded men and women have returned to the world in a time of war. A novel of fathers and sons, wives and husbands, loss, victory and violent redemption, THE TURNAROUND is another compelling, highly charged novel from George Pelecanos, the best crime novelist in America. -Oregonian

What We Deserved Steven Schrader, 2006 Fiction. There are 14 wonderful stories in all...written with just the right touch of lightness and compassion. All the pains of growing up are presented. In 'First Kiss,' Schrader writes, 'Once a week we'd have a dance, though at first most of us were too shy to do much dancing. It was more exciting to think about girls than to be with them and possible makes fools of ourselves.' An outstanding compendium --Booklist.

*Loisaida as Urban Laboratory* Timo Schrader, 2020-11-15 *Loisaida as Urban Laboratory* is the first in-depth analysis of the network of Puerto Rican community activism in New York City's Lower East Side from 1964 to 2001. Combining social history, cultural history, Latino studies, ethnic studies, studies of social movements, and urban studies, Timo Schrader uncovers the radical history of the Lower East Side. As little scholarship exists on the roles of institutions and groups in twentieth and twenty-first-century Puerto Rican community activism, Schrader enriches a growing discussion around alternative urbanisms. *Loisaida* was among a growing number of neighborhoods that pioneered a new form of urban living. The term *Loisaida* was coined, and then widely adopted, by the activist and poet Bittman "Bimbo" Rivas in an unpublished 1974 poem called "*Loisaida*" to refer to a part of the Lower East Side. Using this Spanglish version instead of other common labels honors the name that the residents chose themselves to counter real estate developers who called the area East Village or Alphabet City in an attempt to attract more artists and ultimately gentrify the neighborhood. Since the 1980s, urban planners and scholars have discussed strategies of urban development that revisit the pre-World War II idea of neighborhoods as community-driven and ecologically conscious entities. These "new urbanist" ideals are reflected in Schrader's rich historical and ethnographic study of activism in *Loisaida*, telling a vivid story of the Puerto Rican community's struggles for the right to stay and live with dignity in its home neighborhood.
