

# *Jewel Box Quilt*

Approx. Finished Size 52-1/4" x 64-1/4"

*Using the Jinny Beyer Palette and Border Print.*

© RJR Fabrics, All rights reserved.  
Pattern written by Debbie Beaves

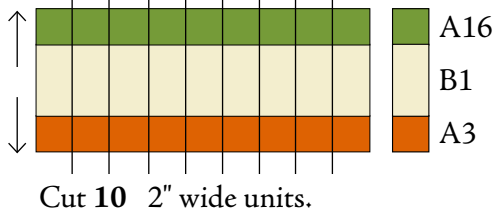

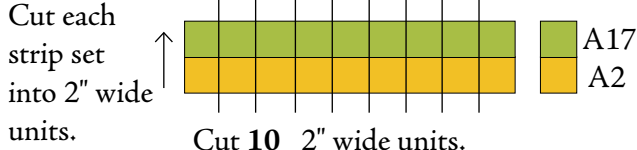

Read entire pattern before beginning. Use 1/4" seam allowances unless stated otherwise.

NOTE: B2 = Fabric 2 cut B

**DIRECTIONS**

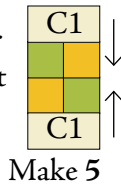

1. Sew the strip sets as indicated below. Press the seam allowances in the direction indicated by the arrows.

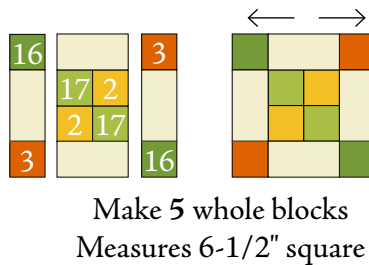

2. Sew the first strip set units into four patch blocks. Press.

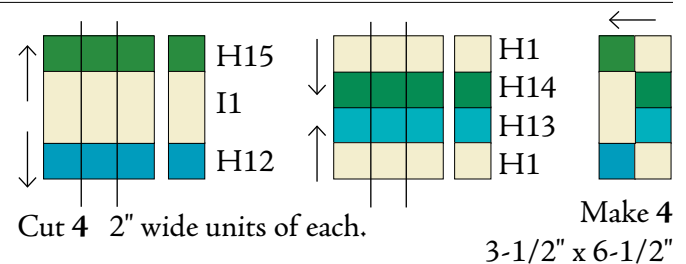

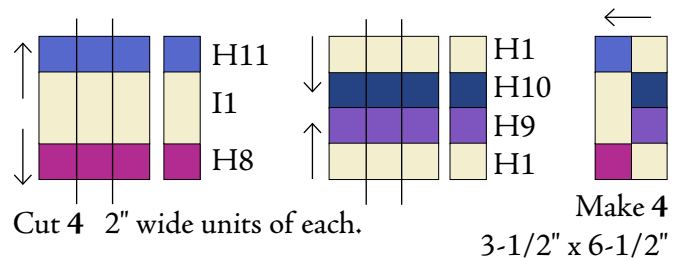

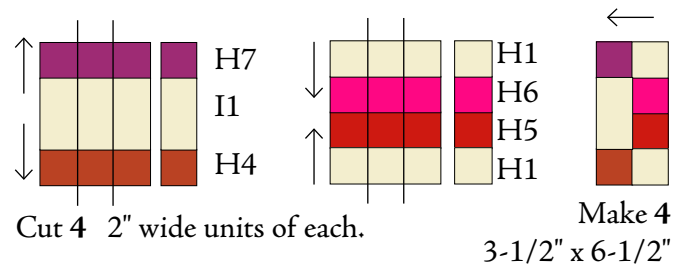

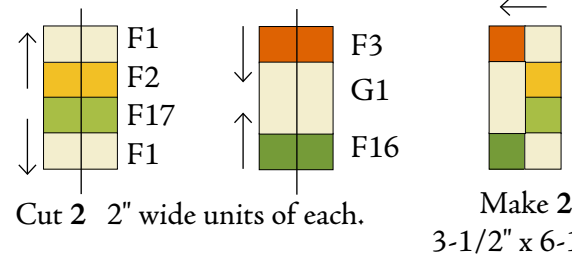

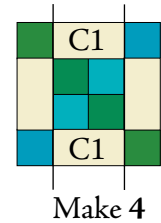

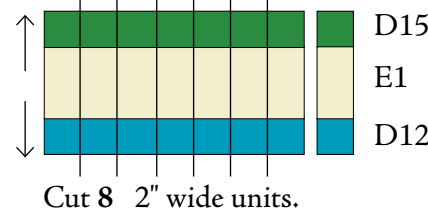

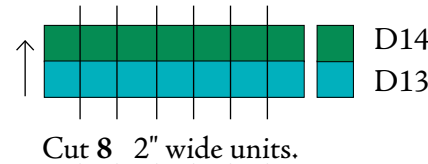

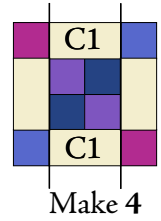

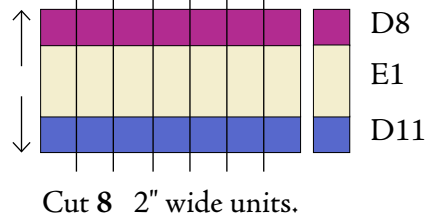

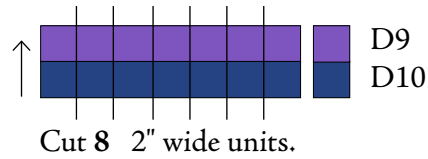

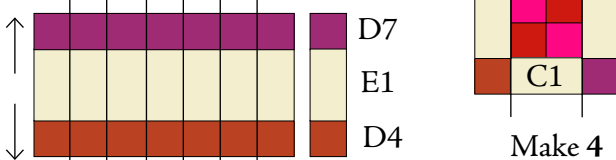

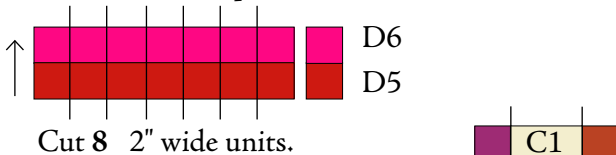

3. Sew a C1 to the top and bottom of each four patch. Be sure the four patch color placement is exactly as shown.

4. Sew the units from the second strip set and the blocks just created into whole blocks. Press.

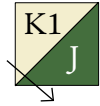

5. Repeat this process for the following strip sets and blocks. Pile each and set aside until all are complete. Remember, fabric placement is critical.

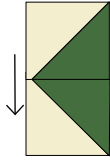

## Sewing the J blocks, whole, half and quarter.

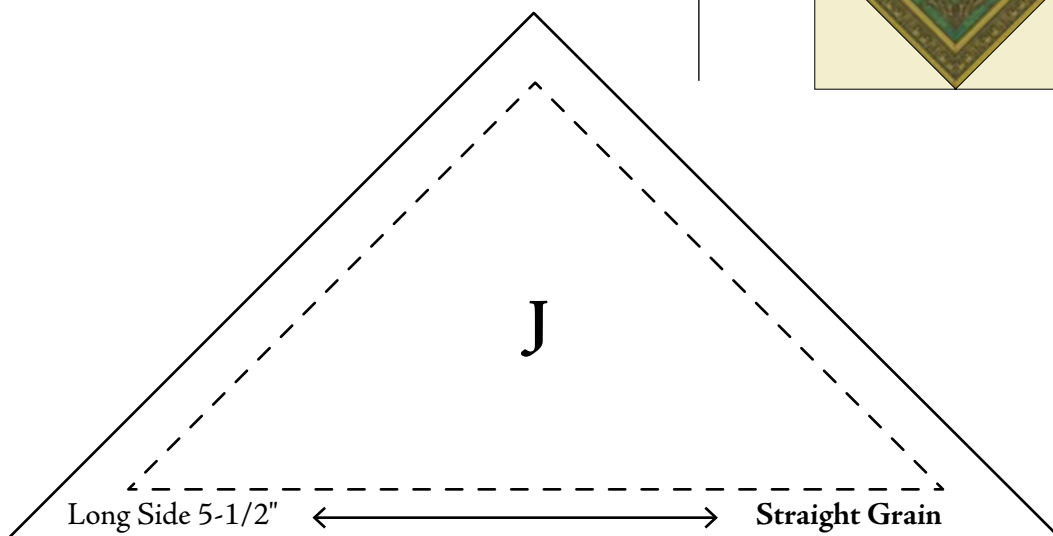

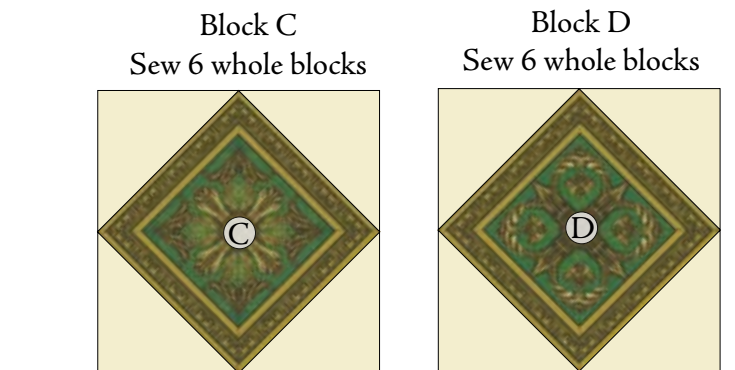

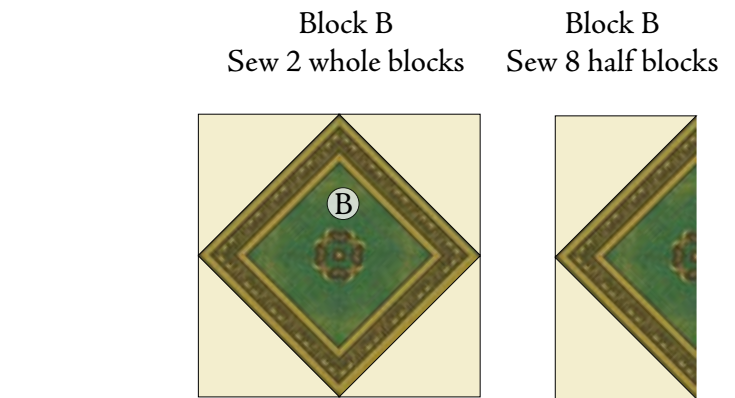

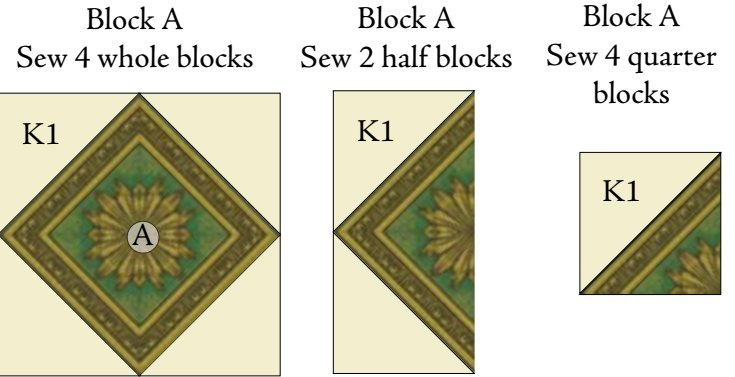

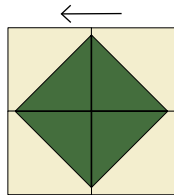

1. Sew the K1 and J triangles together. Press. This creates half square triangles (HST units).

2. As specified below sew some of the HST units into block halves. Press.

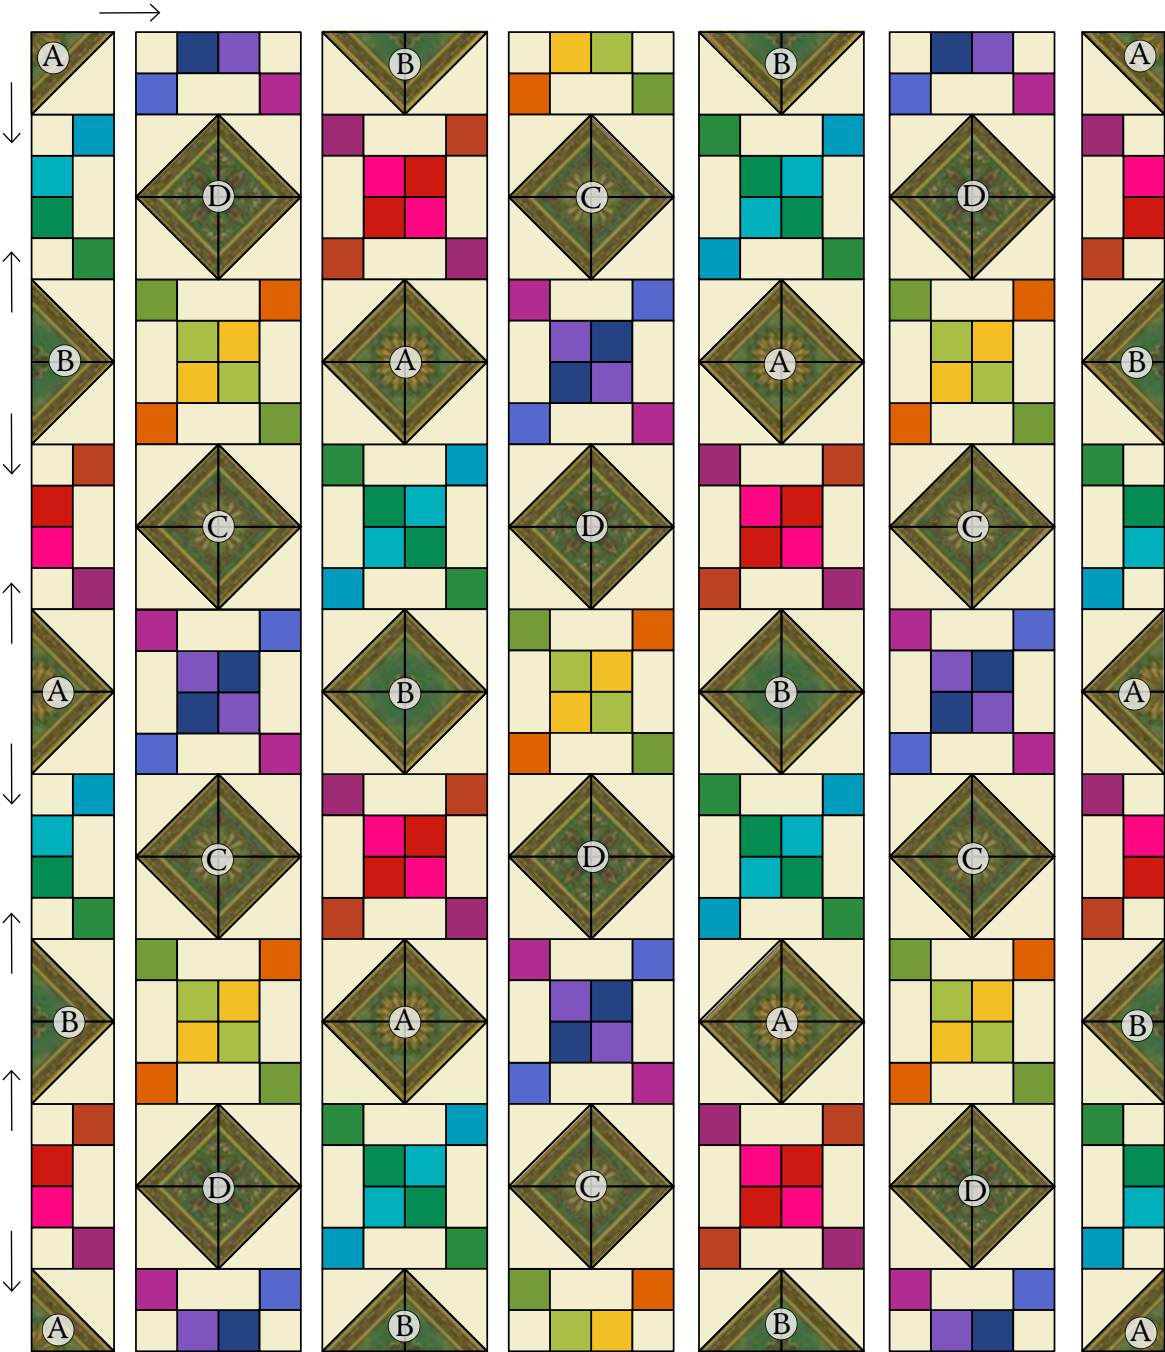

3. Again as needed sew half blocks into whole blocks. Press.

Sew the blocks into rows as shown below. Press the seam allowances away from the A-D blocks.

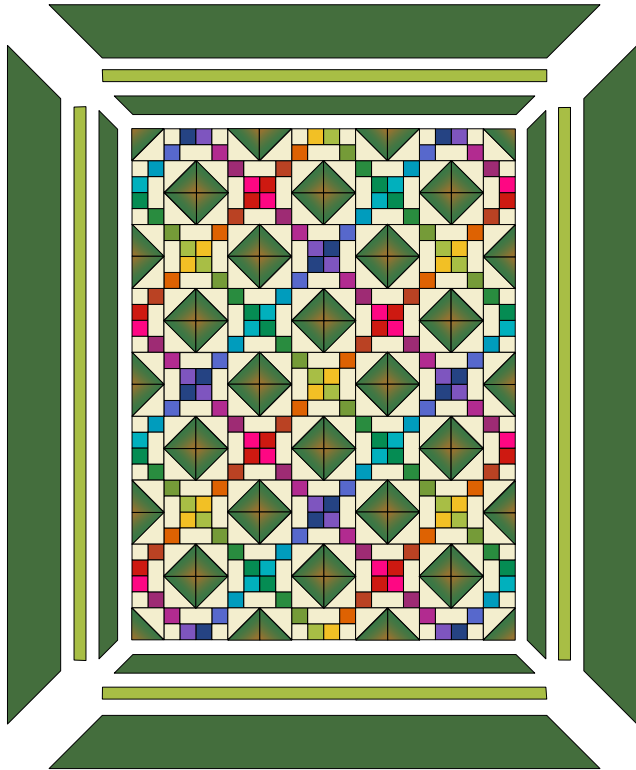

Sew row to row. Press the seam allowances to one side or open if you prefer.

Quilt top once all rows sewn together measures 36-1/2" x 48-1/2".

## BORDERS AND FINISHING

1. Sew border 1 to the quilt using Jinny's special technique for adding a border print to a rectangular quilt (follows).
2. Sew the short border 2 strips to the top and bottom of the quilt. Sew the long border 2 strips to the sides. Press.
3. Sew the border 3 strips to the quilt using Jinny's special technique described.

### *Jinny's Framing a RECTANGLE with a Border Print Technique*

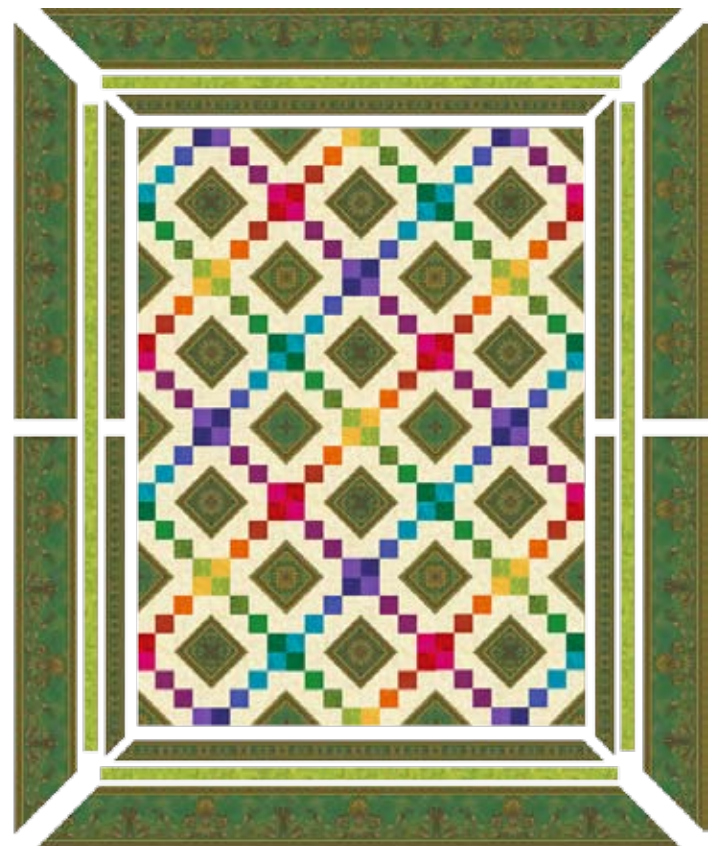

Sew borders 1 and 3 to the quilt using the following technique. The border 3 is shown in the example.

Step 1. Place a strip of the border print across the middle of the quilt, centering a motif from the border at the exact center of the piece as shown in the diagram below.

Step 2. Use a right angle triangle to mark the miter along one of the edges, making sure to leave enough for seam allowance. Carefully pick up the mitered edge of the border strip and bring it over to the other end of the border strip at the opposite edge of the quilt, making sure that the design matches. Cut the second miter. Using this first mitered piece as a guide, cut one more identical piece, making sure that the design on the border print is exactly the same on the top and bottom strip.

Step 3. Place one of the cut strips on top of a length of the border print stripe, matching the design. Cut one miter to match the miter on the cut strip. Place the newly cut strip along the length of the quilt through the center of the quilt with the mitered edge at the edge of the quilt. Bring the strip to the exact center of the quilt and cut it off 1/4 inch beyond the center. Using this cut strip as a guide, cut one more piece identical to it and two strips that are the exact mirror images of the first piece.

Step 4. Sew the seams at the middle of two mirror imaged strips and attach these borders to the quilt. Sewing the borders to a rectangular quilt in this manner assures that the corners will match. There will be a seam at the center of the long strips, but the design at that center will mirror image as well, as shown in below diagram. For more information and color diagrams go to [www.jinnybeyer.com](http://www.jinnybeyer.com). Look under tips then border links.

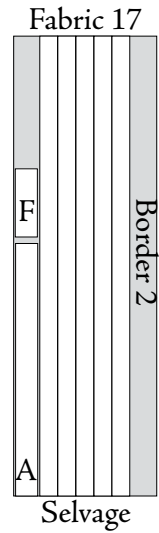

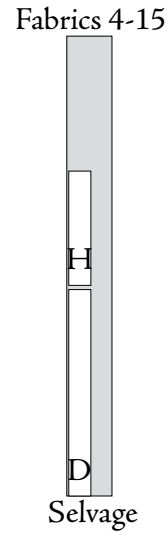

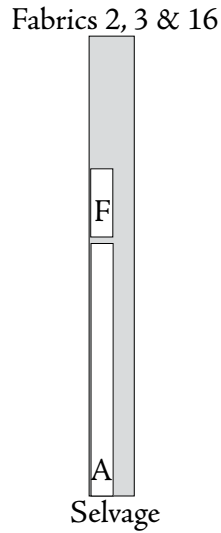

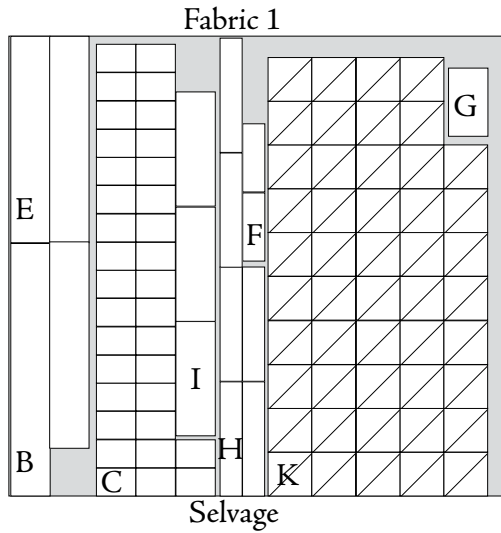

## FINISHING

Layer the backing, wrong side up, batting and pieced top (right side up) together. Baste the layers. Quilt as desired. Trim the backing and batting flush with the outer raw edges of the pieced top. Bind the edges.

# Fabric Cutting Suggestions

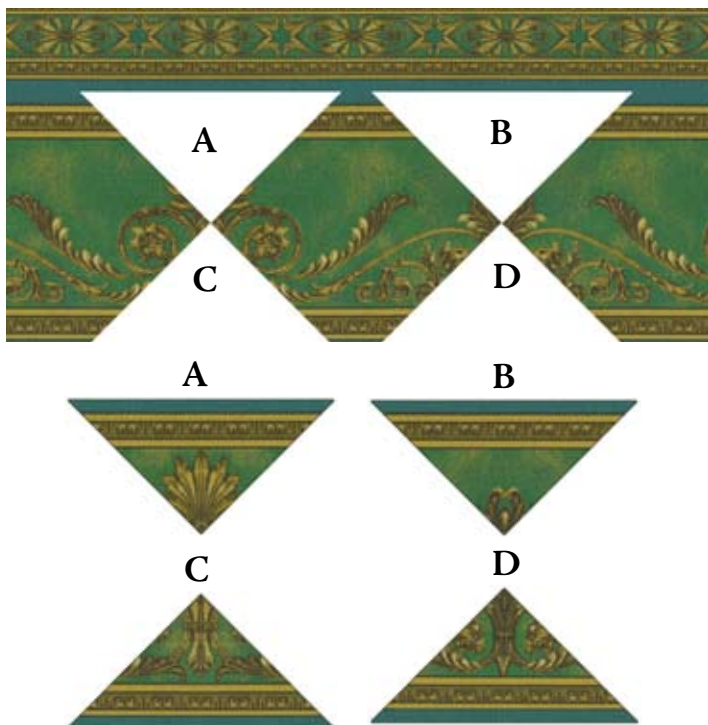

For clarity in piecing it is very helpful to mark each fabric with a small paper square showing the number and "cut" letter. Mark the strip sets as well, leaving the top strip marked after cutting apart for proper placement in the blocks.

Border 2  
 (2) 42-1/2"  
 (2) 54-1/4"

## Cutting the J triangles...

Cut 24 of A-D triangle J placements as shown or fine new combinations. Just make sure there are 24 of 4 different motif choices.

## Borders 1 & 3

Border 1 cut  
 2-1/4" wide

Border 3 cut 5-1/2" wide
