After all he suffered during the Vietnam War, he suffers more afterward. With the help of the love of his life, he endures and overcomes the dark period to become one of the youngest sergeant majors in the Corps. In this book, he achieves his dream of being a Marine officer by becoming a warrant officer. As an officer of Marines he will lead young Marines in such places as El Salvador, Lebanon, Grenada, Panama and Kuwait. Generation Kill Evan Wright,2005-02-01 Based on Evan Wright's National Magazine Award-winning story in Rolling Stone, this is the raw, firsthand account of the 2003 Iraq invasion that inspired the HBO® original mini-series. Within hours of 9/11, America's war on terrorism fell to those like the twenty-three Marines of the First Recon Battalion, the first generation dispatched into open-ended combat since Vietnam. They were a new pop-culture breed of American warrior unrecognizable to their forebears—soldiers raised on hip hop, video games and The Real World. Cocky, brave, headstrong, wary and mostly unprepared for the physical, emotional and moral horrors ahead, the “First Suicide Battalion” would

spearhead the blitzkrieg on Iraq, and fight against the hardest resistance Saddam had to offer. Hailed as “one of the best books to come out of the Iraq war”(Financial Times), *Generation Kill* is the funny, frightening, and profane firsthand account of these remarkable men, of the personal toll of victory, and of the randomness, brutality and camaraderie of a new American War.

Embarrassing Confessions of a Marine Lieutenant Donny O'Malley, 2015-10-08 A Marine Infantry Officer confesses his lust for killing and f cking everything in sight, his desire to beat his boss's face in and frag the battalion staff, his willingness to risk Afghan civilians in order to save Marines, his burning desire to win a game of gay chicken at all costs, his personal mission to nail the combat reporter who joined his unit, his sexual arousal at the sight of ED (Enemy Death), and his inability to take serious things seriously; while planning and executing the last combat operation of his deployment in Afghanistan; a nighttime helicopter raid named, Operation Branding Iron Part 2.1A. (Continued from National Geographic's Battlefield Afghanistan) This is undoubtedly the most honest and raw account of an Officer's thoughts and actions during combat that has ever been written. After publishing this book, Donny O'Malley's job options are now reduced to low level sales and day labor construction. It is still unclear how he ever made it out of the Marines without court martial. Senior officer's will slam him, military historians will be shocked, and all civilians will be 100% certain he's psychotic. Fortunately, the book is written for the opposite of those mentioned above. It's written for Enlisted guys. Officers who are brave enough to read will either cry themselves to sleep, jerk themselves off to Donny's picture, or will ask their buddies to write them up for an award with V for having the moral courage to finish the book. This book is a reach-around to all enlisted, and a F CK YOU to every Officer who has ever written a politically correct, full-of-sh t, I'm a great leader, book about combat. Every single one of those fucking jerkoffs wrote a book for civilians that not a single enlisted guy ever gave two-shits about. The truth is that Marines love killing more than they love pvssy; they fantasize about mowing down insurgents with a 240 on post while 70 virgins take turns blowing them. This is who we are, and I'm sick and tired of nerdy book writers hiding our reality from the public. F ck the public, they'll judge us and say we're psychotic until they watch an ISIS beheading video, and then they'll beg us to come out of our cage to fight the bad guys. At which time we'll head to the front line of evil and kill them all with a smile. Enjoy the read my brothers, this one's for you.

A Marine Tells It to You Frederic M. Wise, Meigs O. Frost, 2008-06-01 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Schustermeyer Perry Shimanoff, 2012-08-01 It has been 40 years since Schustermeyer served in the Marines. He receives a copy of an autobiography written by his USMC roommate who has recently died. As he reads thru the manuscript, there are a couple of yellow post-it notes that are not relevant to the story. Schustermeyer returns to Minnesota to attend the funeral service, and uncover the mystery surrounding his roommate's unexpected demise. Funny, irreverent, historic, poignant - anyone who has ever served in the military will enjoy this delightful, albeit prurient romp.

We'll All Die as Marines Colonel Jim Bathurst USMC (Retired), 2012-12-03 For seventeen-year-old high school dropout Jim Bathurst, the Marine Corps's reputation for making men out of boys was something he desperately needed when he enlisted in March of 1958. What began as a four-year hitch lasted nearly thirty-six years and included an interesting assortment of duty stations and assignments as both enlisted and officer. *We'll All Die As Marines* narrates a story about a young, free-spirited kid from Dundalk, Maryland, and how the Corps captured his body, mind, and spirit. Slowly, but persistently, the Corps transformed him into someone whose first love would forever be the United States Marine Corps. It documents not only his leadership, service, and training but also regales many tales of his fellow Marines that will have the reader laughing, cheering, and at times crying. In this memoir, Bathurst reveals that for him—a former DI who was awarded the Silver Star, Bronze Star Medal with Combat "V", Purple Heart, and a combat commission to second lieutenant—the Corps was not a job, a career, or even a profession; it was—and still is—a way of life.

Eyes Right Tracy Crow, 2012-04-01 Just out of high school in 1977, her personal life already a mess, Tracy Crow thought the Marines might straighten her out. And sure enough, in the Corps she became a respected public affairs officer and military journalist—one day covering tank maneuvers or beach assaults, the next interviewing the secretary of the navy. But success didn't come without a price. When Crow pledged herself to God, Corps, and Country, women Marines were still a rarity, and gender inequality and harassment were rampant. Determined to prove she belonged, Crow always put her career first—even when, after two miscarriages and a stillborn child, her marriage to another Marine officer began to deteriorate. And when her affair with a prominent general was exposed—and both were threatened with court-martial—Crow was forced to re-evaluate her loyalty to the Marines, her career, and her family. *Eyes Right* is Crow's story. A clear-eyed self-portrait of a troubled teen bootstrapping her way out of a world of alcoholism and domestic violence, it is also a rare inside look at the Marines from a woman's perspective. Her memoir, which includes two Pushcart Prize-nominated essays, evokes the

challenges of being a woman and a Marine with immediacy and clarity, and in the process reveals how much Crow's generation did for today's military women, and at what cost.

The Supreme Command Forrest C. Pogue, 1996 A description of General Eisenhower's wartime command, focusing on the general, his staff, and his superiors in London and Washington and contrasting Allied and enemy command organizations.

Into the Tiger's Jaw Frank E Petersen, Alfred J Phelps, 2012-07-30 Like many 18-year-olds who sign up to serve with the U.S. Navy, Petersen was looking for adventure when he enlisted. The difference between him and the average kid of 1950, when he enlisted, was that Petersen was African American. At the time military opportunities were limited for blacks, so it was remarkable that Petersen, revealed here as an intense go-getter, was admitted to the highly competitive naval aviation cadet program. He would go on to become the first African American pilot, then flag officer, then three-star general in the deeply conservative Marine Corps. Assisted by veteran biographer Phelps, Petersen relates his personal and career trajectory from wide-eyed kid to seasoned combatant. Although the presentation at times is overly detailed, with recollections of Petersen's acquaintances sprinkled liberally throughout. This work offers valuable insight into the evolution of both the military and the society at large through the experience of one man and his family. It's hard not to wince when Petersen describes being stopped for impersonating a military officer at a time when blacks in the service were presumed to be enlisted men. Other anecdotes are more benign, such as the time a puzzled young Korean woman tried to wipe the color from his face. To Petersen's credit, he includes much commentary from his first wife, Ellie, who is candid about the toll of being married to an ambitious pioneer. Through her, readers see the mettle of that rare breed of social groundbreakers. — Publishers Weekly

Pride and Discipline Colonel Donald J. Myers, USMC (Ret), 2014-05 Marine Boot Camp has been described in many books and movies over the years and in many cases not favorably. The author is especially qualified to write about this subject because he went through a Boot Camp at Parris Island in 1953 and returned as the commanding officer of the Recruit Training Regiment in 1982 after spending a significant amount of time leading Marines as an officer and noncommissioned officer. The author goes into great detail explaining his theory about why abuse occurs. He also describes the quality of the drill instructors and their background. The author places the reader in the environment by telling stories about what is actually happening throughout the training cycle. He explains why more supervision or regulations will not eliminate abuse, but only by changing attitudes will that happen. His style of working with the drill instructors and junior officers takes the reader through the events. A totally new approach of stress management was implemented with superb results. Experts in conditioning and psychology were used in an effort to improve the production of basic Marines and reports from the operating forces supported the end results. The author spent most of his time out of the office observing training and speaking with recruits and drill instructors. Many of the changes that occurred were suggested by the drill instructors during

these informal talks. Some of the changes that did occur are listed near the end of the book. Many of them remain in effect today while others have been overcome by time.

Marine Mustang Martha Callaway, Noble Callaway, 2021-09-08 In the first book, a seventeen year-old high school drop out joins the Marine Corps and becomes among the first Marines to enter Vietnam. Because of the influence from his first sergeant to see the mission through he stays to the bitter end. In the second book, he achieves his dream of being a Marine officer by becoming a Warrant Officer. In this book he achieves his ultimate dream when he is commissioned to the rank of Captain. In the twilight of his career, he is sent on some of his most strange and unique missions in such places as Somalia, Haiti, Bosnia, Honduras, and Kosovo.

Proud to Be a Marine C. Brian Kelly, 2017-05-02 Behind one of the most celebrated military branches in America are the often little-known actions of its brave warriors. Proud to be a Marine amplifies the human voices amidst the cannon blasts and gun fire — from the American Revolution to modern day — and provides fresh insight that will inspire and excite those interested in the proud legacy of the Marines . . . This one of a kind collection includes: • Union Corporal John Mackie's historic rallying cry as he earned the first ever Medal of Honor for a Marine • The daring actions of Captain Bill Hawkins, the first Marine to step foot on Guadalcanal • ROTC Cadet Vernice Armour's inspiring rise from police officer to first African-American female combat pilot in the history of the United States Marines From the shores of Tripoli to the careful action against deadly IEDs in the Middle East, the anecdotal back stories of these upstanding Marines are proof they have always been ready, and always the First to Fight.

Greatest U.S. Marine Corps Stories Ever Told Iain Martin, 2007-08-01 On Friday, November 10, 1775, the Continental Congress approved a resolution for the organization of the Corps, creating what would become the hallowed few, the proud--the Marines. Since then, the men and women of the United States Marine Corps have created the finest traditions of service and honor, and supplied a pantheon of heroes who have upheld them. In The Greatest U.S. Marine Stories Ever Told, editor Iain Martin has accumulated these marines' most amazing true tales of service and sacrifice, from the Halls of Montezuma, to the shores of Tripoli, to the conflicts where they serve today.

Marine! Burke Davis, 1991-04 Davis offers a no-holds-barred biography the only marine in history ever to win five Navy Crosses.

Promise Lost Dan Moore, 2016-11-30 The true story of Lieutenant Steve Joyner, who carried all the traits of a perfect Marine - character, compassion, determination, patriotism . . . an All-American football star. But then came the harsh and unforgiving realities of combat in Vietnam. How the two worlds he inhabited both connected and conflicted reveals the character of an extraordinary man gone far too soon. Promise Lost is a touching, crisply rendered account of a Marine

lieutenant who fell heroically in the final, bloody days of the 1968 battle for Khe Sanh while leading a counterattack into the teeth of an overwhelming enemy assault force, writes Vietnam veteran and author Michael Archer. Yet, the real story here is of Steve Joyner's life, his personal character, and enormous potential. Dan Moore reliably and deftly weaves this poignant tale of friendship, honor and fate; culminating in the agonizing reality that war does not end on the battlefield; but rather back home, often decades later, within a fallen warrior's circle of family and friends.

Chesty Jon T. Hoffman,2007-12-18 Featured on the Commandant of the Marine Corps' Reading List and the Chief of Naval Operation's "Naval Power" Reading List The Marine Corps is known for its heroes, and Lieutenant General Lewis B. Puller has long been considered the greatest of them all. His assignments and activities covered an extraordinary spectrum of warfare. Puller mastered small unit guerrilla warfare as a lieutenant in Haiti in the 1920s, and at the end of his career commanded a division in Korea. In between, he chased Sandino in Nicaragua and fought at Guadalcanal, Cape Gloucester, and Peleliu. With his bulldog face, barrel chest (which earned him the nickname Chesty), gruff voice, and common touch, Puller became—and has remained—the epitome of the Marine combat officer. At times Puller's actions have been called into question—at Peleliu, for instance, where, against a heavily fortified position, he lost more than half of his regiment. And then there is the saga of his son, who followed in Chesty's footsteps as a Marine officer only to suffer horrible wounds in Vietnam (his book, *Fortunate Son*, won the Pulitzer Prize). Jon Hoffman has been given special access to Puller's personal papers as well as his personnel record. The result will unquestionably stand as the last word about Chesty Puller.

Cheers and Tears Charles G. Cooper,Richard E. Goodspeed,2002 *Cheers and Tears* the memoirs of Lieutenant General Charles G. Cooper U.S. Marine Corps (Retired), details one man's amazing rise in the armed forces, a man who witnessed the genesis of the Vietnam War from where it started.

Spent Shell Casings David Rose,2016-04-20 Dave was there for it all--there for the millennial latch-key children's plunge into bloody and politically-dubious combat, there for the US military's rocky evolution from Cold War Era to fighting the global war on terror, and there for his own turbulent, colorful transitions--all in the unforgiving jungles of hyper-masculinity. . . . An artistic nail-bomb: 'Spent Shell Casings' encompasses just about every sordid and hilarious aspect of military life that could ever grace a page, all the while exposing the dark sides of adventure and the fighting man in ways that can no longer be ignored. Whether Iraq, a psych ward, or a barroom brawl, coming to terms with one's upbringing or drug abuse: join a Recon Marine at various points on the deadly map of war, meaning, and the American experience.--Back cover.

An Officer and a Man Jacob Donnenwirth,2020-05-11 There are far too many military officers who take themselves seriously. There are times to be serious, but then there's the other 98% of your life. This book is a compilation of short stories from the six years I spent as a Marine Officer, all of which I found funny and most of which should have resulted in my being

fired. From Virginia to Okinawa, Australia to North Carolina, and all the nonsense in between, *An Officer and a Man* is about having fun and being a good dude, with a side order of advice once in a while.

First to Fight Victor H. Krulak, 1984 Deftly blending history with autobiography, action with analysis, the legendary Marine general Victor Brute Krulak offers here a riveting insider's chronicle of U.S. Marines--their fights on the battlefield and off, and their extraordinary esprit de corps. He not only takes a close look at the Marine experience during World War II, Korea, and Vietnam--wars in which Krulak was himself a participant--but also examines the foundation on which the Corps is built. In doing so, he helps answer the question of what it means to be a Marine and how the Corps has maintained such a consistently outstanding reputation.

Killing Hope William Blum, 2022-07-14 In *Killing Hope*, William Blum, author of the bestselling *Rogue State: A Guide to the World's Only Superpower*, provides a devastating and comprehensive account of America's covert and overt military actions in the world, all the way from China in the 1940s to the invasion of Iraq in 2003 and - in this updated edition - beyond. Is the United States, as it likes to claim, a global force for democracy? *Killing Hope* shows the answer to this question to be a resounding 'no'.

A Warrior's Story William E. Barnes USMC, Retired, 2009-02-17 Captain William E. Connors is serving in a West Coast Communication Research Company. Suddenly he receives orders to report to the Commandant of the Marine Corps Headquarters in Washington D. C. Upon arrival he meets a Lieutenant who has run afoul of his Commander. Bill is promoted and transferred to Japan. He takes the Lieutenant with him. Bill is placed in charge of a Battalion of Force Recon Marines. With the help of the Lieutenant and the Battalion Sergeant Major, Bill sets out to bring the Battalion to better physical condition and ready for their standing orders. Bill has been given an additional mission of extracting a secret agent from North Korea without the knowledge of the North Koreans then deliver the agent to Washington. Bill gets in trouble with a few persons in the fulfillment of his assignments, but solves them all with the help of his hand picked Marines and their Instructor. After completion of the mission, Bill is charged with organizing and staffing a Marine Intelligence unit. Using his contacts from the Research Center and Force Recon Marines he met in Japan, he is successful using his 'Gung Ho' attitude. This is not the usual story of the US Marines. It is a fictionalized story of everyday duties of Marines in the unseen and support units that no one ever hears about. It is their accomplishments that aid the front line combat Marines in the building to building warfare that you do hear about.

The Bitchy Waiter Darron Cardosa,2016-07-05 Hilarious tales from the trenches of food service from the popular blog—perfect for fans of David Sedaris, Anthony Bourdain, Erma Bombeck and Mo Rocca. For all those disenchanting current and former food service employees, Darron Cardosa (a.k.a. The Bitchy Waiter) has your back. Based on his popular blog, this riotous book is full of waitstaff horror stories—plus heartwarming tales—from three decades in the industry. Cardosa knows you want your beer cold (“You want a cold beer? Thank you for clarifying so I didn’t bring you the one that just came out of the oven”). And while he may hate children (“I know the kid at Table Eight is trouble the moment he rolls into the restaurant in his fancy stroller”), he will at least consider owning up to his mistakes: “Do I take the steak from the floor, citing the “three-second rule,” and put it in the to-go box and carry it back to the woman?” From crazy customers to out-of-control egos, these acerbic tales offer a hilarious glimpse into what really goes on in that fancy restaurant—and inside the mind of a server. Praise for The Bitchy Waiter “Cardosa does for wait staff what Anthony Bourdain did for kitchens: he exposes the ugly side of food service from the perspective of those working on the front lines. And he puts the potential restaurant customer on notice that someone is watching and recording their bad behavior.” —Shelf Awareness
