Andalusia, land of peace and dialogue between cultures

We are pleased to welcome you to Andalusia and especially to the Three Cultures Foundation. To host the 5th World Congress for Middle Eastern Studies (WOCMES), the biggest and most important international congress on the Middle East and North Africa, is a great honour for our land, though also a great responsibility.

We have become the epicentre of research and reflection on issues that set the course of many global events and must therefore use this opportunity to closely examine the common values we share, which transcend different cultures. This is all perfectly summarised in the congress's motto: 'Your roots. Your heritage. Knowledge that unites'.

Throughout its history Andalusia has been a welcoming land. The result is an intercultural society that has developed a strong culture of peace and tolerance. This idiosyncrasy not only defines our identity engendered over the centuries; it also shapes our space for coexistence.

One of the aims set out in the Statute of Autonomy of Andalusia is promotion of the culture of peace and dialogue among peoples. The Regional Government of Andalusia has taken up that challenge, working with a perspective of mutual understanding and closer contact between cultures that goes beyond physical frontiers. The Three Cultures Foundation is a good example of that: of cultural diversity understood as an expression of dialogue and coexistence between the shores of the Mediterranean.

As president, I celebrate from this unique forum the holding of this international event and its Andalusian tone. Indeed, Al-Andalus has been included as a thematic area, thereby highlighting the importance of that historical period and manifesting, beyond local interest, its worldwide significance. This melting pot of cultures that have coexisted in the Iberian Peninsula is a legacy still present today in our land.

Culture is doubtless the best way to bring peoples together. The modern world is perceived nowadays from the standpoint of globalisation, in the awareness that prosperity lies in that understanding, also for the Middle East and the Mediterranean. That is why we must be able to approach the future by generating alliances for egalitarian progress and in peace. As Maimonedes wrote, the Mediterranean is a vast road open to all directions.

I am convinced that WOCMES will help ensure that such spaces for concord and dialogue abound. As the best experts in the field, I urge you to continue working to progress toward a future of hope among the different cultures and peoples who nowadays live together in the Mediterranean region with their particular identity.

Susana Díaz Pacheco

President of the Regional Government of Andalusia

Honorary President of the Three Cultures of the Mediterranean Foundation

L'Andalousie, terre de paix et de dialogue entre les cultures

C'est un plaisir de vous souhaiter la bienvenue en Andalousie et, en particulier, à la Fondation des Trois Cultures. Célébrer le V Congrès Mondial d'Études sur le Moyen-Orient (WOCMES), le plus grand et le plus important congrès international sur le Moyen-Orient et l'Afrique du Nord, est un grand honneur pour notre terre, mais aussi une grande responsabilité.

Nous devons l'épicentre de la recherche et de la réflexion sur des questions qui marquent le cours de nombreux événements dans le monde et, par conséquent, nous devons saisir cette occasion pour analyser les valeurs communes que nous partageons et qui transcendent les différentes cultures. Tout cela est parfaitement inclus dans la devise du congrès: « Vos racines. Votre héritage. La connaissance qui unit. »

L'Andalousie, à travers son histoire, a toujours été une terre d'accueil qui a débouché sur une société interculturelle qui a germé dans une forte culture de paix et de tolérance. Cette idiosyncrasie ne définit pas seulement notre identité construite au cours des siècles, mais forme aussi notre espace de coexistence.

L'un des objectifs inclus dans le Statut d'Autonomie d'Andalousie est la promotion d'une culture de paix et de dialogue entre les peuples. En relevant ce témoin, la Junta de Andalucía travaille dans une perspective de compréhension mutuelle et d'approche entre les cultures qui va au-delà des frontières physiques. La Fondation Trois Cultures est un bon exemple de la diversité culturelle entendue comme expression du dialogue et de la coexistence entre les deux rives de la Méditerranée.

De ce forum privilégié, je célèbre en tant que présidente l'occasion d'accueillir cet événement international, et de le faire en code andalou. Ainsi, Al-Ándalus a été incorporé comme un domaine thématique, ce qui met en évidence l'importance de cette période historique, dont l'intérêt va au-delà du local, et souligne sa portée mondiale. Ce creuset de cultures qui ont coexisté dans la péninsule ibérique est un héritage qui est aujourd'hui présent dans notre pays.

La culture est, sans aucun doute, le meilleur moyen de rapprocher les peuples. Le monde moderne est interprété aujourd'hui depuis la mondialisation, étant conscient que c'est dans cette compréhension où réside la prospérité, aussi pour le Moyen-Orient et la Méditerranée. C'est pour cela que nous devons être capables d'aborder l'avenir à partir de l'élaboration d'alliances pour un progrès égalitaire et pacifique. Comme l'écrivait Maïmonide, la Méditerranée est une chaussée immense ouverte à toutes les directions.

Je suis convaincu que WOCMES contribuera à approfondir ces espaces d'harmonie et de dialogue. En tant que les meilleurs experts en la matière que vous êtes, je vous encourage à continuer à travailler pour avancer vers un avenir d'espoir parmi les différentes cultures et peuples qui coexistent aujourd'hui dans la Méditerranée avec leur propre identité.

Présidente du Gouvernement régional de l'Andalousie

WOCMES: our common roots, the heritage we share, the knowledge that unites us

Paraphrasing the slogan of WOCMES Seville 2018 this great Congress aims to honour the longstanding tradition of Spain in general, and Andalusia in particular, as a land of understanding, dialogue and coexistence between various cultures, as occurred during the historical period of Al-Andalus, offering a unique location so that all respective activities can develop in an efficient, professional, friendly and hospitable manner.

When we decided more than two years ago to make our bid to host and organise this fifth WOCMES, we were very aware of the major organisational challenge our institution would face. But we had no doubts about going ahead, because a Congress of such characteristics coincides with one of the main objectives stemming from our mission, which is none other than promoting understanding, peace and coexistence among the various peoples and cultures of our Mare Nostrum. We wish for progress, justice and opportunities in the Mediterranean and MENA region, which today, unfortunately, is all too often in the news for negative events of various kinds.

When confronted by fanaticism or fundamentalism, we want reason to prevail, calm reflection and the principles we share as human beings, bearers of universal values and subject to inalienable rights. And that this Congress, through the academic excellence of its participants, will become a privileged space for analysing and discussing the very diverse topics under consideration, and consequently help further knowledge about the problems as well as the opportunities and solutions for a complex region that nevertheless has huge potential, which must be emphasised.

This programme with more than 500 academic activities planned in various formats is a good example of the great thematic diversity in focus and doubtless reflects the successful call for participants issued in due course, as well as the intense and persistent effort of the Scientific Committee and the Organising Committee itself.

That effort would have been unable to achieve its goal without the invaluable contribution of all our partner entities, public and private. Among them, allow me to highlight our host, the University of Seville, an institution that counts more than five centuries of history and whose university community of 80,000 people ranks it second in Spain and first in the Autonomous Community of Andalusia. I would also like to very especially thank the Regional Government of Andalusia, Tourism of Andalusia, the Provincial Council of Seville, the Municipal Council of that city and Casa Árabe, Spain's meeting point with the Arab world.

As organisers, we have also prepared an extensive and hopefully satisfactory cultural programme which includes films, music, theatre, ballet, exhibitions, performances and cultural visits, etc. We also offer you the vast, rich and varied tourism offering of Andalusia, a region which will receive more than 30 million visitors in this year of 2018.

For all those attending the Congress, I hope your work during these days is fruitful and enriching. And, of course, I also wish you a happy stay in this beautiful, ancient and continually reinvented city of Seville. We on the Organising Committee welcome you in the expectation that together we can make a great and unforgettable Congress.

Enjoy the Congress!

WOCMES: nos racines communes, le patrimoine que nous partageons, la connaissance qui nous unit

En paraphrasant le slogan du WOCMES Séville 2018, ce grand Congrès veut rendre hommage la tradition que l'Espagne en général et l'Andalousie en particulier a eu et continue à avoir en tant que terre d'entente, de dialogue et de coexistence entre différentes cultures - comme cela a été le cas dans cette période de l'histoire connue comme Al-Andalus -, en offrant un champ unique pour que toutes vos activités soient réalisées de la manière la plus efficace, professionnelle, amicale et hospitalière.

Quand, il y a plus de deux ans, nous avons décidé de présenter notre candidature pour accueillir et organiser cette cinquième édition du WOCMES, nous étions très conscients du grand défi d'organisation que cela impliquait pour notre institution, mais nous n'avons pas hésité à le faire parce qu'un congrès avec ces caractéristiques coïncide pleinement avec l'un des grands objectifs qui découlent de notre mission qui n'est autre que de promouvoir l'entente, la paix et la coexistence entre les divers peuples et cultures de notre Mare Nostrum. Un espace, celui de la Méditerranée et de la région MENA, que nous souhaitons de progrès, de justice et d'opportunités, mais dont les nouvelles aujourd'hui, malheureusement, sont trop souvent dues à des événements négatifs de toutes sortes.

Face à tout fanatisme ou fondamentalisme, nous voulons faire prévaloir la raison, la réflexion sereine et les principes que nous partageons en tant qu'êtres humains, porteurs de valeurs universelles et sujets de droits inaliénables. Et ce Congrès, grâce à l'excellence académique de ses protagonistes, deviendra un espace privilégié pour l'analyse et la discussion de thématiques très diverses qui seront abordées et, par conséquent, il contribuera à mieux faire connaître les problèmes, mais aussi les opportunités et les solutions d'une région complexe, mais avec un potentiel énorme qui doit être mis en valeur.

Ce programme, avec plus de 500 activités académiques prévues sous les formats les plus variés, est un bon exemple de la grande diversité thématique qui est abordée et reflète, sans doute, le succès de l'appel lancé à l'époque et aussi l'effort intense et soutenu réalisé par le comité scientifique et le comité d'organisation lui-même.

Un effort qui n'aurait pas pu atteindre l'objectif visé sans la contribution inestimable de toutes nos entités collaboratrices, publiques et privées. Parmi celles-ci, je voudrais souligner notre hôte, l'Université de Séville, une institution qui a plus de cinq siècles d'histoire et qui, avec les quatre-vingt mille personnes qui composent cette communauté universitaire, est la deuxième en Espagne et la première de la Communauté Autonome d'Andalousie. Je voudrais également remercier d'une manière toute particulière la collaboration de la Junta de Andalucía, du Tourisme d'Andalousie, du Conseil Provincial de Séville, de la Mairie de la ville, ainsi que de la Casa Arabe, point de rencontre de l'Espagne avec le monde arabe.

Depuis l'organisation nous avons également préparé un vaste programme culturel que nous espérons satisfaisant qui comprend le cinéma, la musique, le théâtre, le ballet, les expositions, les performances, les visites culturelles, etc. Nous mettons également à votre disposition l'offre touristique immense, riche et variée de l'Andalousie, une région qui recevra cette année 2018 plus de trente millions de visiteurs.

Je souhaite à tous les membres du Congrès que leur travail pendant ces journées soit fructueux et enrichissant. Et, bien sûr, un bon séjour dans cette belle ville de Séville, ancienne et toujours réinventée. Depuis le comité d'organisation, nous vous recevons avec l'espoir qu'entre tous nous puissions faire ensemble un grand et inoubliable Congrès.

Je vous souhaite un excellent Congrès!

A warm welcome to you as participant of the most important global event in Middle Eastern studies in 2018!

Every four years.

Every four years, this World Congress is the outstanding meeting place where scholars, researchers, students and professionals from around the world can make contacts and exchange ideas. This year, the fifth WOCMES in Seville will be a nexus of Middle Eastern and North African scholarship which will present the latest in research and stimulate discussion and debate. It will be a platform where distinguished speakers can share assessments of developments in their respective disciplines and honour the colleague presented with the WOCMES Award for outstanding contributions to the field.

There are many opinion leaders among the participants of the World Congress who shape the way in which the Middle East and North Africa is presented and perceived in economic, political and academic fora. During the present crises in many parts of this region, they are the specialists who advise governments on policy, who provide context to global television audiences and who share their outlooks in articles published in influential newspapers and journals. At all times, they interpret the history and culture of this region, sharing their insights and opinions with the reading public and with their students – the citizens, scholars and decision-makers of the future.

The World Congress will be a showcase for Middle Eastern and North African learning and culture, featuring the presentation of more than 1500 studies in addition to a book fair, poster exhibition, film festival and an exciting cultural program. WOCMES will also be a gateway to the Arab, Islamic and Mediterranean worlds, giving participants an unprecedented opportunity to visit historical and contemporary sites related to their fields of interest in the cultural capital of Seville itself and in other cities of the extremely attractive region of “Al-Andalus”.

On behalf of the International Advisory Council of the World Congress, it is a great pleasure for me as chairman of this institution to thank the host of WOCMES 2018, the Three Cultures of the Mediterranean Foundation, its President and its extremely dedicated staff for the highly professional preparation of this outstanding conference. Many thanks also to the other institutions and organisations which supported WOCMES; and thanks to all the scholars from numerous academic disciplines in Spain and dozens of other countries who arranged panels, workshops and other academic events and who guaranteed the high quality standard of the contributions for the World Congress by reviewing and approving the abstracts of all academic proposals.

Thanks to its excellent preparation, I am sure that WOCMES 2018 will contribute significantly to the study of the Middle East and North Africa and its impact on the rest of the world. I wish all participants a successful conference with many stimulating and fruitful discussions, numerous new and interdisciplinary contacts, as well as many new impressions thanks to the social and cultural activities associated with the World Congress. And - of course - enjoy Seville!

Günter Meyer

Chairman of the World Congress for Middle Eastern Studies (WOCMES)

Nous vous adressons un accueil chaleureux en tant que participant de l'événement mondial le plus important des études sur le Moyen-Orient en 2018!

Tous les quatre ans

Tous les quatre ans, ce Congrès mondial est un lieu de rencontre exceptionnel où les experts, les chercheurs, les étudiants et les professionnels du monde entier peuvent nouer des contacts et échanger des idées. Cette année, le cinquième WOCMES à Séville sera un lien entre les recherches sur le Moyen-Orient et l'Afrique du Nord et présentera les dernières études et encouragera les discussions et le débat. Ce sera une plate-forme où des orateurs prestigieux pourront partager les analyses des évolutions dans leurs disciplines respectives et honorer le collègue qui a remporté le Prix WOCMES pour ses contributions remarquables dans le domaine.

De nombreux leaders d'opinion parmi les participants au Congrès mondial façonnent la manière dont le Moyen-Orient et l'Afrique du Nord sont présentés et perçus dans les forums économiques, politiques et universitaires. Au cours des crises actuelles dans de nombreuses parties de cette région, ce sont les spécialistes qui conseillent les gouvernements sur les politiques, qui offrent un contexte aux téléspectateurs du monde entier et qui partagent leurs opinions dans des articles publiés dans des journaux et des revues très influents. En tout temps, ils interprètent l'histoire et la culture de cette région, en partageant leurs points de vue et opinions avec les lecteurs et avec leurs étudiants- les citoyens, les chercheurs et les décideurs de l'avenir.

Le Congrès Mondial sera une vitrine pour l'apprentissage et la culture du Moyen-Orient et de l'Afrique du Nord, avec la présentation de plus de 1 500 études, à laquelle s'ajoute un Salon du livre, une exposition d'affiches, un Festival du film et un programme culturel passionnant. Le WOCMES sera également une passerelle vers les mondes arabe, islamique et méditerranéen, donnant aux participants une occasion sans précédent pour visiter des sites historiques et contemporains liés à leurs domaines d'intérêt dans la propre capitale culturelle de Séville et dans d'autres villes de cette région extrêmement attrayante de « Al-Andalus ».

Au nom du Conseil Consultatif International du Congrès Mondial, c'est un grand plaisir pour moi, en tant que Président de cette institution, de remercier l'hôte du WOCMES 2018, la Fondation Trois Cultures de la Méditerranée, son Président et son personnel extrêmement dévoué et professionnel de cette conférence exceptionnelle. Un grand merci également aux autres institutions et organisations qui ont soutenu le WOCMES ; et merci à tous les chercheurs des nombreuses disciplines académiques en Espagne et des dizaines d'autres pays qui ont organisé des panels, des ateliers et d'autres événements académiques en garantissant par ce biais le niveau de qualité des contributions pour le Congrès Mondial en examinant et en approuvant les résumés de toutes les propositions académiques.

Grâce à son excellente préparation, je suis sûr que le WOCMES 2018 contribuera de manière significative à l'étude du Moyen-Orient et de l'Afrique du Nord et son impact sur le reste du monde. Je souhaite à tous les participants une conférence réussie avec de nombreuses discussions stimulantes et fructueuses, de nombreux contacts nouveaux et interdisciplinaires, ainsi qu'un grand nombre de nouvelles impressions grâce aux activités sociales et culturelles associées au Congrès Mondial. Et- bien sûr- profitez de Séville !

WOCMES 2018 in Seville: For other mornings in a Mediterranean reconciled with the wealth of all its diversity

I am thoroughly convinced that this fifth WOCMES in Seville will be unlike any of the previous ones. First, because we are meeting in the heart of Andalusia, where the words dialogue, otherness and diversity have a resonance that returns us to what Paul Valéry wrote so long ago, to tell us that whatever the vagaries of history or a given time: "the Mediterranean has been and shall always be the privileged space in which civilisation is conceived and built."

This reminder is not that of a convenient stance, and much less the expression of a compelling statement meant to instil a good conscience. On the contrary, it results from realism and at the same time sustains the roadmap and agenda of hundreds of researchers and academics that WOCMES has had the ability and resolve to gather for collective and expert deliberation on how the Western world's relations with the Arab/Muslim space are discussed, taught or debated, particularly in the Middle East and North Africa.

Because we find ourselves in a world at a time during which, paradoxically and on the one hand, we have the promise of unprecedented technological change and, on the other, the stigma and tragedies of a profound moral and philosophical regression, this WOCMES 2018 cannot be nor shall it be the one of usual Mediterranean business.

In Seville, also because it bears the seal of the Three Cultures Foundation, this global gathering of science, experience and research can be the one marked by a positive break in the establishment of institutions and rules of the game for a reconstituted Mediterranean in a peaceful and egalitarian space. A space that tomorrow will turn its back on all the archaisms that undermine and debilitate the art of living together within the Community of Nations.

For decades, the Mediterranean of Braudel and Paul Valéry, of Amin Maalouf, Edward Said, Juan Goytisolo and Edgar Morin, this Mediterranean, has suffered the attacks and atrocities of all those who want to cover with a religious and cultural alibi the political tragedies our region is experiencing, in the Middle East and other places, and which of course impose firstly and obviously political responses.

We have collectively been hostages or passive spectators of this collective short-sightedness which reached its climax when the international community was unable to resist the mirages and illusions of a supposed clash of civilisations and religions. A clash that has become the beginning and the end of all our woes. In my opinion, that time corresponds to a bygone period, and our gathering in Seville should finally bring out the objective and exhaustive responses to all those questions which have been lodged for too long in the prevailing rationale of the drama of the moment, of accepted ideas and stigmatisation.

I am specifically thinking of the parameters which determine in both north and south the objective grounds of the relationship between Islam and the West. I also think of the place that culture and religion occupy in our societies when our respective capacities of cordiality, listening and otherness, forged by knowledge and respect for all our histories summed up in the wealth of all their diversities, have been summoned to the table of reflection and dialogue.

WOCMES 2018 à Séville : pour d'autres lendemains dans une Méditerranée reconciliée avec la richesse de toutes ses diversités

J'ai l'intime conviction que cette 5ème édition du WOCMES à Séville ne ressemblera à aucune de celles qui l'ont précédée. D'abord parce que nous sommes réunis au cœur de l'Andalousie et que les mots de dialogue, d'altérité et de diversité ont ici une résonance qui nous ramène à ce qu'écrivait Paul Valéry, il y a bien longtemps, pour nous dire que quels que soient les aléas de l'histoire ou de l'instant «la Méditerranée a été et restera pour toujours l'espace privilégié où se fabrique et se construit la civilisation».

Ce rappel n'est pas celui d'une posture convenue et encore moins l'expression d'un propos incantatoire pour se donner bonne conscience. Il est bien au contraire celui du réalisme et en même temps celui qui sous-tend la feuille de route et l'agenda des centaines de chercheurs et d'académiciens que le WOCMES a eu le talent et la volonté de réunir pour une réflexion collective et experte sur la façon dont sont abordées, enseignées ou débattues les relations du monde occidental avec l'espace arabo-musulman, notamment au Moyen-Orient et en Afrique du Nord. Parce que nous sommes dans un monde et dans un temps qui portent à la fois et paradoxalement, d'un côté les promesses d'une mutation technologique sans précédent, et de l'autre les stigmates et les tragédies d'une profonde régression morale et philosophique, ce WOCMES 2018 ne peut pas être et ne sera pas celui du Mediterranean Business habituel.

A Séville et aussi parce qu'il porte le sceau de la Fondation des Trois Cultures, ce rassemblement mondial de la science, de l'expertise et de la recherche peut être celui d'une rupture positive pour que se mettent en place les institutions et les règles du jeu d'une Méditerranée recomposée dans un espace paritaire et apaisé. Un espace qui demain tournera le dos à tous les archaïsmes qui minent et fragilisent l'art de vivre ensemble au sein de la Communauté des Nations.

Pendant des décennies, la Méditerranée, celle de Braudel et de Paul Valéry, celle d'Amin Maalouf, d'Edward Saïd et d'Edgar Morin, cette Méditerranée a subi les assauts et les outrages de tous ceux qui ont voulu habiller d'un alibi religieux et culturel les tragédies politiques que connaît notre Région, au Moyen-Orient et ailleurs, et qui imposent bien évidemment d'abord des réponses politiques.

Nous avons été collectivement otages ou spectateurs passifs de cette myopie collective qui a connu son point d'orgue quand la communauté internationale n'a pas su résister aux mirages et aux illusions d'un prétendu choc des civilisations et des religions. Un choc devenu l'alpha et l'oméga de tous nos maux.

Cette période, je le crois, est révolue et notre rassemblement à Séville devrait apporter enfin les réponses objectives et exhaustives à toutes ces questions trop longtemps installées dans la logique dominante du drame de l'instant, des idées reçues et de la stigmatisation.

Je pense notamment aux paramètres qui déterminent au Nord comme au Sud les fondements objectifs de la relation Islam-Occident. Je pense aussi à la place de la culture et de la religion dans nos sociétés quand sont convoquées au banquet de la pensée et du dialogue nos capacités respectives à l'altérité, à l'écoute et à une convivialité forgée par la connaissance et le respect de toutes nos histoires additionnées dans la richesse de toutes leurs diversités.

FUNDACIÓN

The origins of the Three Cultures of the Mediterranean Foundation date back to the year 1998, when the Junta de Andalucía (Andalusian regional government) and the Kingdom of Morocco decided to create a forum to encourage the people and cultures of the Mediterranean to approach each other under the principles of peace, tolerance and dialogue in keeping with the spirit of the Euro-Mediterranean Conference held in Barcelona in November 1995.

With the pillars established on both sides of the Straits thanks to Andalusian and Moroccan determination, the idea of this foundation began to take form and at the same time started obtaining important international support from the Peres Centre for Peace, the Palestine National Authority and other personalities and institutions. Thus, on March 8th 1999, the Three Cultures of the Mediterranean Foundation took its first steps by setting up its headquarters in Seville, in what was the Moroccan Pavilion during the 1992 Universal Expo.

Les origines de la Fondation Trois Cultures de la Méditerranée remontent à l'année 1998, lorsque la Junta de Andalucía (Gouvernement régional de l'Andalousie) et le Royaume du Maroc ont décidé de créer un forum pour promouvoir la rencontre entre les peuples et les cultures de la Méditerranée basée sur les principes de paix, tolérance et dialogue, conformément à l'esprit de la Conférence euro-méditerranéenne de Barcelone, tenue en novembre 1995.

Avec les piliers installés de chaque côté du Détrit grâce à la détermination andalouse et marocaine, l'idée de cette fondation prenait forme, tout en remportant d'importants soutiens internationaux tels que le Centre Peres pour la paix, l'Autorité Nationale Palestinienne et d'autres personnalités et institutions. Ainsi, le 8 mars 1999, la Fondation Trois Cultures de la Méditerranée a fait ses premiers pas avec son siège à Séville, qui avait été le Pavillon du Maroc lors de l'Exposition universelle de 1992.

THREE CULTURES OF THE MEDITERRANEAN FOUNDATION

Since then, its principal activities have been threefold. Firstly, cooperation in the Mediterranean, with particular attention to the increasing collaboration between Andalusia and Morocco as the base axis. The second priority area has been the Middle East, reinforcing the role of this institution as an instrument of dialogue able to encompass the concerns of society regarding the present and future situations of this area. And finally, the European Union, as maintaining a privileged relationship with the EU and the other Mediterranean countries allows Three Cultures to be an instrument of application of policies and execution of cooperation projects.

To this end, the Foundation organises hundreds of activities every year, mostly of a cultural and/or educational nature, ranging from conferences to concerts, literary presentations, film projections, courses, Arabic and modern Hebrew lessons, children's activities and specialist forums, all within a varied programme committed to cultural diversity and knowledge as the main instruments to remain faithful to the principals it was born to follow.

Depuis lors, elle a orienté son activité dans trois domaines. Premièrement, la coopération en Méditerranée, avec une attention particulière à la collaboration croissante entre l'Andalousie et le Maroc en tant qu'axe de base. Le deuxième domaine prioritaire a été le Moyen-Orient, renforçant le rôle de cette institution en tant qu'instrument de dialogue capable de rassembler les préoccupations de la société sur le présent et l'avenir de cette région. Et, enfin, l'Union européenne, puisque le maintien d'une relation privilégiée avec l'UE et les pays tiers méditerranéens permet à Trois Cultures de devenir un instrument pour l'application des politiques et l'exécution des projets de coopération.

La Fondation organise ainsi, chaque année, des centaines de propositions, principalement à des fins culturelles et/ou éducatives, allant depuis des conférences jusqu'à des concerts, des présentations littéraires, des projections de films, des cours, des classes d'arabe et d'hébreu moderne, des activités pour enfants et des forums spécialisés, au sein d'une programmation variée axée sur la diversité culturelle et la connaissance comme vecteurs essentiels pour rester fidèle aux principes pour lesquels elle a été créé.

Real Alcázar

The Alcázar of Seville is one of the most representative monumental compounds in the city, the country and the Mediterranean culture as a whole. The historical evolution of the city in the last millennium is held within its walls and gardens, amalgamating influences starting from the Arabic period, late Middle Ages Mudéjar right through to the Renaissance, Baroque and the XIX century. The declaration of World Heritage Site by UNESCO in 1987 acknowledged the survival of cultures and civilizations as a harmonic whole where all of the elements are balanced.

Real Alcázar

L'Alcázar de Séville est l'un des ensembles monumentaux les plus représentatifs de la ville, du pays et de la culture méditerranéenne dans son ensemble. L'évolution historique de la ville au cours du dernier millénaire s'est déroulée dans ses murs et ses jardins, amalgamant les influences, en commençant par la période arabe, de la fin du Moyen Âge mudéjar, jusqu'à la Renaissance, le baroque et le XIXe siècle. La reconnaissance de la survie des cultures et des civilisations comme un ensemble harmonieux où tous les éléments sont équilibrés a été reconnue grâce à la nomination du site au patrimoine mondial par l'UNESCO, en 1987.

Dorantes & Taksim Trio, les « Gitans de la Méditerranée »

David Peña Dorantes, habituellement connu sous le nom Dorantes, tout simplement, est un pianiste flamenco de

conventional parameters of flamenco, bringing the traditional and avant-garde together. Taksim Trio is one of Turkey's most exciting musical phenomena, combining the talents of three virtuoso players, Hüsnü Şenlendirici's clarinet, Ismail Tunçbilek's baglama and Aytaç Doğan's qanun. 'Gypsies from the Mediterranean', created by Tunçbilek and Dorantes, flows between the two groups, making stunning music that explores the links between their cultures.

WOCMES Award Ceremony

The Three Cultures of the Mediterranean Foundation and the Royal Seville Symphony Orchestra have the pleasure to invite all congress participants to the WOCMES Award Ceremony which will take place on Wednesday 18th of July at 9:00 p.m. in Teatro de la Maestranza.

Every 4 years, coinciding with a new edition of the congress, WOCMES International Advisory Council highlights the prominent trajectory of an outstanding expert for his/her contribution to Middle Eastern Studies. In this occasion, the Council has endorsed the candidacy of Dr. Rashid Khalidi, Edward Said Professor of Arab Studies at Columbia University.

Khalidi is the highest authority on interpretations of the Arab-Jewish and Israeli-Palestinian conflicts, and author of some of the most influential studies on the topic. His public role as a prominent voice of the Palestinian cause is globally recognized and valued. It is impossible to understand this region and its historical experiences without Khalidi's works.

The Award ceremony will undoubtedly be one of the most important moments of the celebration of WOCMES Seville 2018, having a superb finale with a performance by the Royal Seville Symphony Orchestra of Rimsky-Korsakov's *Scheherezade*, conducted by John Axelrod. Registration is compulsory in order to attend WOCMES Award Ceremony.

Academic activities:

Panels (PA)

The panel option allows between 4 and 6 participants plus a Chair (and an optional discussant) to participate in a discussion around a specific issue. Over 400 panels will take place during WOCMES Seville 2018, tackling topics from the refugee crisis and the impact of the social upheavals in the Middle East to the current media landscape; the advancement of women demands and civil society groups or the most recent archaeological discoveries in this geographical area. There will also be room to debate more unusual and highly stimulating topics such as Islam in the pop and metal music scenes, trends in Arabic contemporary literature or science fiction. The

renommée mondiale dont le style transcende les frontières de ce genre. Son énergie créative remet en question les paramètres classiques du flamenco, réunissant le traditionnel et l'avant-garde. Taksim Trio est l'un des phénomènes musicaux les plus excitants de la Turquie, combinant les talents de trois joueurs virtuoses, Hüsnü Şenlendirici à la clarinette, Ismail Tunçbilek's au baglama et Aytaç Doğan's au kanoun. « Gitans de la Méditerranée », créé par Tunçbilek et Dorantes, s'écoule entre les deux groupes, faisant de la musique étonnante qui explore les liens entre leurs cultures.

Cérémonie de remise du Prix du WOCMES

La Fondation Trois Cultures de la Méditerranée et l'Orchestre Symphonique Royale de Séville ont le plaisir d'inviter tous les participants du congrès à la cérémonie de remise du prix WOCMES, qui aura lieu le Mercredi 18 juillet au Teatro de la Maestranza à 9h00 p.m.

Tous les 4 ans, coïncidant avec le congrès, le Conseil Consultatif International de WOCMES souligne la trajectoire notable d'un expert remarquable pour son contribution aux études du Moyen-Orient. Dans cette occasion, le Conseil a appuyé la candidature du Dr. Rashid Khalidi, Edward Said professeur des Études Arabes à l'Université de Columbia.

Khalidi est la plus haute autorité concernant les interpretations des conflits arabo-juif et israélo-palestinien. En plus, il est l'auteur de quelques études les plus importants en cette matière. Son rôle public comme voix de la cause palestinienne est reconnue mondialement. C'est impossible de comprendre cette région et ses expériences historiques sans le travail de Khalidi.

La cérémonie de remise du prix sera l'un des moments les plus importants de la célébration de WOCMES Séville 2018, on aura une finale magnifique avec l'interprétation de *Scheherezade* de Rimsky-Korsakov par l'Orchestre Symphonique Royale de Séville, dirigée par John Axelrod. L'inscription et obligatoire pour assister à cette cérémonie.

Activités universitaires:

Panels (PA)

Grâce à l'option panel, 4 à 6 participants plus une chaire (et un intervenant facultatif) pourront participer à une discussion autour d'un problème spécifique. Plus de 400 panels auront lieu pendant toute la durée du WOCMES Séville 2018. Les sujets abordés iront de la crise des réfugiés et l'impact des bouleversements sociaux au Moyen-Orient jusqu'au paysage médiatique actuel. L'avancement des revendications des femmes et des groupes de la société civile ou les découvertes archéologiques les plus récentes dans cette zone géographique sont des thèmes qui seront également traités. Il sera également possible de débattre de sujets plus

duration of each panel is 2 hours maximum.

Symposium (SY)

This option consists of a series of panels - as described above - grouped together thematically, and is designed to foster a more in-depth and lengthy examination of a given topic. The multiplicity of views is one of the main attractions of this format.

Symposia will be identified in the academic programme as follows: 'Symposium number, number and title of the panel and number of panels within that particular symposium' i.e. SY-11: panel 1. 'New and old foreign policy alliances in the Gulf' (1/4). This means it is the first panel from a total of 4 that are part of this symposium.

Roundtables (RT)

The roundtable option is designed to promote debates around current issues and allows institutions to show the state of their scientific research projects. The format lends itself to dialectic exchanges in an atmosphere where participants provide their points of view and engage the audience in active discussion. Speakers do not prepare papers and do not lecture the audience. Amazigh cinema; Islamic bioethics; new technologies applied to the field of cartography; the radicalization of cyber-narratives or women and media are some of the topics which will no doubt lead to inspiring debates during WOCMES Seville 2018. Each roundtable has between 4 and 6 participants. In this programme the name of each participant in a roundtable is followed by a brief statement describing his/her main points of discussion. The duration of a roundtable is 2 hours maximum.

Meetings in Conjunction (MIC)

This format allows institutions, associations or individuals to meet to discuss certain issues or topics or to celebrate conventions. Most Meetings in Conjunction permit only the participation of invited members but there are a few which are also open to the public. The duration of each Meeting in Conjunction is 2 hours maximum.

Posters (PO)

Posters are a visual presentation used to communicate ideas and messages. This format is an excellent way to get to know an institution or learn about a specific topic in a friendly and dynamic context. Members of the audience can attend the presentations and approach the speakers with specific comments or questions. Posters are commonly used to present the output of scientific projects although broader subjects are also dealt with. Global Halal consumerism; graphic novel in Iran; how to improve public spaces in the Mediterranean; the impact of foreign direct investment on the energy sector or ethnobotany in Al-Andalus are just some

inhabituel et hautement stimulants tels que l'Islam dans les scènes de musique pop et métal, les tendances de la littérature contemporaine arabe ou la science-fiction. La durée de chaque panel est de 2 heures maximum.

Symposium (SY)

Cette option consiste en une série de panels- tels que décrits ci-dessus- regroupés par thème. Elle est conçue pour favoriser un examen plus approfondi et plus long d'un sujet donné. La multiplicité des vues est l'une des principales attractions de ce format.

Les symposiums seront identifiés dans le programme académique comme suit: « Numéro du symposium, numéro et titre du panel et nombre de panels au sein de ce symposium », c'est-à-dire SY-11: panel 1. « Nouvelles et anciennes alliances de politique étrangère dans le Golfe » (1/4). Cela signifie que c'est le premier panel sur un total de 4 qui fait partie de ce symposium.

Tables Rondes (RT)

L'option de la table ronde est conçue pour promouvoir les débats autour des problèmes actuels et permet aux institutions de montrer l'état de leurs projets de recherche scientifique. Le format se prête à des échanges dialectiques dans une atmosphère où les participants apportent leurs points de vue et engagent le public dans une discussion active. Les orateurs ne préparent pas de documents et ne font pas de conférence publique. Le cinéma amazigh, la bioéthique islamique, les nouvelles technologies appliquées au domaine de la cartographie, la radicalisation des cyber-récits ou des femmes et des médias sont quelques-uns des sujets qui conduiront sans doute à des débats inspirants lors du WOCMES Séville 2018. Chaque table ronde compte entre 4 et 6 participants. Dans ce programme, le nom de chaque participant à une table ronde est suivi d'une brève déclaration décrivant ses principaux points de discussion. La durée d'une table ronde est de 2 heures maximum.

Réunions Conjointes (MIC)

Ce format permet aux institutions, associations ou individus de se rencontrer pour discuter de certaines questions ou sujets ou pour célébrer des congrès. La plupart des réunions conjointes permettent seulement la participation des membres invités, mais il y en a quelques-unes qui sont également ouvertes au public. La durée de chaque réunion conjointe est de 2 heures maximum.

Affiches (PO)

Les affiches sont une présentation visuelle utilisée pour communiquer des idées et des messages. Ce format est un excellent moyen d'apprendre à connaître une institution ou d'en apprendre plus sur un sujet spécifique dans un contexte

of the compelling subjects which will be presented during WOCMES Seville 2018.

Almost 40 posters will be exhibited continuously during the congress in the main hall of the University of Seville. Poster presentations by their authors will take place every day from Monday afternoon to Friday, according to the following schedule:

The WOCMES Seville 2018 Secretariat will take care of delivering the posters to the University, where they will be placed in the poster exhibition area so that they will be continuously shown during all the days of the congress. We strongly recommend that all posters remain in the Poster Exhibition area during the 5 days of the event (16-20 July 2018), even if you will not be able to stay those 5 days.

Chairs

The Chair is responsible for introducing each of the paper presenters, monitoring the time of their presentations, and ensuring that the panel ends promptly at the scheduled time. The Chair is requested to facilitate the discussion session, and to open the floor to questions for the panelists. Sessions have a maximal duration of 2 hours. Consequently, each presenter is expected to give a 15-20 minutes presentation depending on how many papers there are within a panel, panel structure, etc.

WOCMES side events

A series of side events will take place during WOCMES Seville 2018. Organized outside the academic programme, these activities provide an excellent opportunity for all participants to approach institutions or projects related to the geographical area of the congress but working on the margins of academia. The list of side events can be found in a special section within this programme.

Cultural activities

convivial et dynamique. Les membres de l'auditoire peuvent assister aux présentations et approcher les conférenciers avec des commentaires ou des questions spécifiques. Les affiches sont couramment utilisées pour présenter les résultats de projets scientifiques, bien que des sujets plus larges soient également traités. La consommation Halal mondiale; le roman graphique en Iran; comment améliorer les espaces publics en Méditerranée; l'impact de l'investissement direct étranger sur le secteur de l'énergie ou l'ethnobotanique à Al-Andalus ne sont que quelques-uns des sujets incontournables qui seront présentés lors du WOCMES Séville 2018.

Pendant toute la durée du congrès, près de 40 affiches seront exposées en permanence dans le hall principal de l'Université de Séville. Les présentations des affiches par leurs auteurs auront lieu tous les jours du lundi après-midi au vendredi, selon le calendrier suivant:

Lundi 16 : de 16 h 30 à 17 h 30

Mardi 17 : de 11 h à 12 h

Mercredi 18 : de 16 h 30 à 17 h 30

Jeudi 19 : de 11 h à 12 h

Vendredi 20 : de 11 h à 12 h

Le Secrétariat de WOCMES Séville 2018 se chargera de livrer les affiches à l'Université, où elles seront placées dans la zone d'exposition des affiches afin qu'elles soient exhibées en permanence pendant tous les jours du congrès. Nous vous recommandons fortement de laisser toutes les affiches pendant les 5 jours de l'événement (16-20 juillet 2018), même si vous-même ne pouvez y assister durant la totalité de ces 5 jours.

Chaires

Le président a la responsabilité de présenter chacun des conférenciers, de surveiller l'heure de leurs présentations et de s'assurer que le panel se termine à l'heure prévue. Il est demandé au président de faciliter la séance de discussion et d'inviter les membres du groupe à poser des questions. Les sessions ont une durée maximale de 2 heures. Par conséquent, chaque conférencier devra faire une présentation de 15 à 20 minutes selon le nombre d'articles contenus dans un panel, la structure du panel, etc.

Événements parallèles du WOCMES

Une série d'événements parallèles aura lieu pendant le WOCMES Séville 2018. Organisées en dehors du programme académique, ces activités offrent une excellente opportunité

World Congress for Middle Eastern Studies

TRES CULTURAS
TRADICIÓN, HERENCIA, DIVERSIDAD
FEDERACION

Monday afternoon / Lundi après-midi

Real Alcázar

The Alcázar of Seville is one of the most representative monumental compounds in the city, the country and the Mediterranean culture as a whole. The historical evolution of the city in the last millennium is held within its walls and gardens, amalgamating influences starting from the Arabic period, late Middle Ages Mudéjar right through to the Renaissance, Baroque and the XIX century. The declaration of World Heritage Site by UNESCO in 1987 acknowledged the survival of cultures and civilizations as a harmonic whole where all of the elements are balanced.

Dorantes & Taksim Trio 'Gypsies from the Mediterranean'

David Peña Dorantes - usually just known as Dorantes- is a world renowned flamenco pianist whose style transcends the frontiers of this genre. His creative energy challenges the conventional parameters of flamenco, bringing the traditional and avant-garde together. Taksim Trio is one of Turkey's most exciting musical phenomena, combining the talents of three virtuoso players, Hüsnü Şenlendirici's clarinet, Ismail Tunçbilek's baglama and Aytaç Doğan's qanun. 'Gypsies from the Mediterranean', created by Tunçbilek and Dorantes, flows between the two groups, making stunning music that explores the links between their cultures.

CANON AND SUSTAINABILITY

Kyosei, our corporate philosophy, means living and working together for the common good. It is an asset deeply rooted at the heart of our brand, shaping our way of working as part of a wider community, as well as our way of understanding sustainability.

This places Canon at the forefront of initiative development helping businesses to achieve severe reductions in their environmental impact and in the carbon emissions of our products.

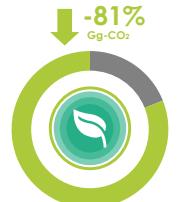

As proof to this, our EQ 80 devices help diminish the environmental impact via CO2 emission reduction.

REDUCTION OF CO₂ EMISSIONS IN COMPARISON TO A NEW EQUIPMENT

MATERIALS

We reuse pieces and components, reducing CO₂ emissions as compared to the production of new equipment.

PRODUCTION

Pieces' reuse minimizes the energy consumption needs that would imply the production of new parts.

TRANSPORTATION

Lower CO₂ generation, since the equipment is picked up from local storage centers.

RT-2. New challenges for Gulf States' foreign policy: the role of soft power in small State diplomacy.

Panel discussion event. Open to all, organised by **Mari Luomi**, Emirates Diplomatic Academy (EDA).

Monday 16th July 2018

5:00 p.m.- 7:00 p.m.

Room: 103

This event, organised as a panel discussion, provides a space for diplomatic voices from the Gulf region, both seasoned practitioners and young Emirati diplomats and thinkers. Organised by the Emirates Diplomatic Academy (EDA), the UAE's diplomatic training and research institution, the event focuses on two themes of high relevance for Emirati and regional diplomacy: the role of small states and soft power in regional politics. The discussion is part of a two-event series organised by the EDA. It will be organised in a room that accommodates a larger audience.

Chair: **Bernardino León**, Emirates Diplomatic Academy (EDA).

Participants:

Bernardino León, Emirates Diplomatic Academy (EDA).

Matteo Legrenzi, Ca Foscari University of Venice: 'The Middle East started facing a new set of security challenges in the second decade of the 21st century. Regional States are called to re-examine their strategic priorities and foreign policies at both the regional and global level. For smaller States, soft power is an essential part of their foreign policy toolkits'.

Sara Al Mahri, Kings College London.

Maha Al Hebsi, Emirates Diplomatic Academy (EDA): 'The economic rise of developing Asia and the increased political and economic interests mainly by China and India to position themselves at the top of the global hierarchy increased their dependence on Gulf energy. As a result, GCC and Asian countries ties have grown immensely. This "Look East" policy presents a number of opportunities, including in the area of soft power'.

Obaid Al Zaabi, Emirates Diplomatic Academy (EDA): 'Economic diversification is rising on the policy agenda of the Gulf oil-exporting States. The UAE has made significant progress, with oil revenues currently representing approximately a third of its GDP. Foreign policy can play a major role in supporting economic diversification and, in this regard, the role of bilateral investments.'

Casa Árabe, where Spain and the Arab world meet

Casa Árabe is a Spanish public consortium operated as the strategic center for Spain's relations with the Arab world, a meeting point where different role-players and institutions, both private and public, from the worlds of business, education, academia, politics and culture can dialogue, interact, establish lines of cooperation and undertake joint projects.

In order to complete its mission, Casa Árabe possesses two headquarters, one located in Madrid and the other in Cordoba, which provide it with a privileged geographic position.

In other words, Casa Árabe is a space for mutual knowledge and shared reflection: a meeting point between Spain and the Arab world.

SE-01. 'The Absence of Paths' Performance. Curated by: **Lina Lazaar**. Organised by: Kamel Laazar Fondation

Monday 16th to Friday 20th

10:00 a.m. – 2:00 p.m. / 4:00 p.m. – 7:00 p.m.

University of Seville

Stopping for a moment to think about the concept of a border will be the exercise proposed to all participants and visitors to the Congress at the Rectorate of the University by Wocmes Sevilla 2018's cultural agenda and in particular by 'The Absence of Paths' performance, carried out in collaboration with the Kamel Lazaar Foundation.

'The Absence of Paths' performance, staged at the Tunisia Pavilion during the 57th edition of the Venice Biennale, is an artistic show that invites people to join a movement to challenge border regulations and focuses on migration and freedom of movement.

A kiosk, reminiscent of any checkpoint of our recent contemporary history, receives visitors, who can register as migrants with "Origin: Unknown", "Destination: Unknown" or "Status: Migrant" and obtain a universal travel document that looks like an official visa.

During the Venice Biennale, people could register at the different kiosks spread all over the city and knock on the doors of a world with 'open borders' to be citizens of everywhere and nowhere.

'The Absence of Paths' arrives at WOCMES2018 with the same goal: to encourage reflection on the refugee crisis and the privilege of world cultural and artistic events.

During the staging of this performance, false travel documents called 'Freesas' will be emitted and visitors will need to have them stamped with their fingerprint to validate them and agree to 'back a universal freedom of movement philosophy without a need for arbitrary sanctions based on status'.

The first national pavilion of Tunisia since 1958 challenged contemporary political order with 'The Absence of Paths', an interactive performance aimed to inspire more investigation into human movement. Curated by Lina Lazaar, at the request of the Presidency of the Republic of Tunisia and the Ministry of Cultural Matters, 'The Absence of Paths' marks a continual association between concerned members of the public and the blooming artistic community of Tunisia.

With the massive number of people who use the Arabic script in many different languages, Silicon Valley's indifference regarding Arabic script culture becomes catastrophic, despite many competent individual contributions. This talk presents a new concept, possible to develop technically into a comprehensive solution suitable for browser-based application, yet independent of Silicon Valley restraints, that preserves the characteristics of Islamic script in the context of global computing and Unicode. URL: mushafmuscat.com

Besides this presentation, a touchscreen will be installed (next to the Book Exhibition area) during the congress, so that participants might try themselves the new concept developed by the Mushaf Muscat project.

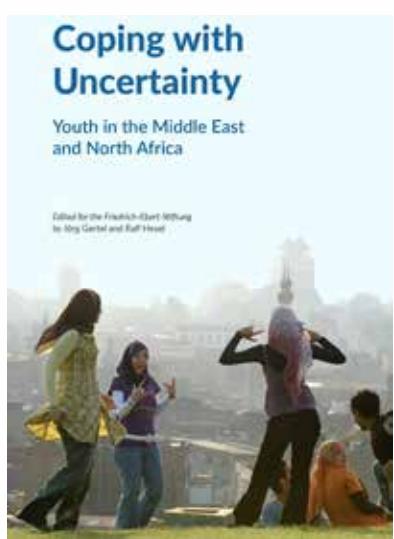

Thomas Milo is linguist, researcher and pioneer of Arabic font technology. He holds the Peter Karow award for exceptional innovations in the development of digital type and typography-related technology and represents the Sultanate of Oman as full member of the Unicode Consortium.

SE-03. Book launch. 'Coping with Uncertainty: Youth in the Middle East and North Africa'

Tuesday, July 17th

Room 203

Friedrich-Ebert-Stiftung presents the book *Coping with Uncertainty: Youth in the Middle East and North Africa*. In this landmark volume, edited by Jörg Gertel and Ralf Hexel and recently published by Saqi Books, an international interdisciplinary team of researchers assesses one of the most comprehensive, in-depth studies of young people in the MENA region to date. Nine thousand people aged 16–30 from Bahrain, Egypt, Jordan, Lebanon, Morocco, Palestine, Syria, Tunisia and Yemen were surveyed in 2016 and 2017. Given how rapidly events have developed in the Middle East and North Africa, the findings are in many regards unexpected.

In 1979 the Netherlands was dragged into Peace Keeping for the first time: UNIFIL in South Lebanon. A combat-ready armoured infantry battalion was taken out of the Cold War battle order and positioned in a Hot War that it was not prepared for, in which it was no party and which it was unable to stop. In the chaos of Israelis, Palestinians, Lebanese, armies and militias, guerrilla's and thugs, the troops were constrained by very rigid UN rules of engagement. Against this backdrop, the Dutch army decided to deploy Arabic speaking officers do the speaking instead of guns.

Thomas Milo is linguist with a background in Slavic, Turkic and Arabic. After an adventurous period in the 1970s in long-distance trucking between Holland and the Gulf, he voluntarily joined the Royal Netherlands Army and served as one of the Arabic speaking officers of Dutchbatt UNIFIL between 1980 and 1983. He completed two operational tours, and between tours he wrote the Army Manual of South Lebanese Spoken Arabic – a totally undocumented variety of Arabic that was the only valid one. No other UNIFIL unit had Arabic speakers in their operational and intelligence staff, and no other contributing nation produced relevant language material. In 1983, together with 5 fellow soldiers, Tom managed to return from South Lebanon with 3 m38A1 jeeps, one of which is now a prime exhibit in the National Military Museum.

SE-05. Book launch: No Room for Small Dreams –the Legacy of President Peres. Organised by: **Tsvia (Peres) Walden**.

Wednesday, July 18th

11:30 a.m.- 1:30 p.m.

Room: 103

In this, his final work, finished only weeks before his passing, Peres offers a long-awaited examination of the crucial turning points in Israeli history through the prism of having been a decision maker and eyewitness. Told with the frankness of someone aware this would likely be his final statement, *No Room for Small Dreams* spans decades and events, but as much as it is about *what* happened, it is about *why* it happened. Examining pivotal moments in Israel's rise, Peres explores what makes for a great leader, how to make hard choices in a climate of uncertainty and distress, the challenges of balancing principles with policies, and the liberating nature of imagination and unpredicted innovation. In doing so, he not only charts a better path forward for his beloved country but provides deep and universal wisdom for younger generations who seek to lead—be it in politics, business, or the broader service of making our planet a safer, more peaceful, and just place.

CULTURAL AGENDA / PROGRAMMATION CULTURELLE

Music and exhibitions will be the main axes of the programme included in the cultural agenda for Wocmes Seville 2018.

The Fundación Tres Culturas del Mediterráneo, organisers of this international congress, considers Culture to be one of the vital vehicles of social transformation. Opening up a window to the cultural innovation the Middle East and Northern Africa are experiencing, as well as to our contemporary and Mediterranean cultural heritage, is not only an essential goal for Wocmes Seville 2018's cultural programme but also a commitment to the people.

The proposed exhibitions will include displays on Avenida de la Constitución and at the Rectorate of the University of Sevilla, the main venue of the Congress.

Le Wocmes Séville 2018 disposera d'un agenda culturel dans lequel la musique et les expositions seront les axes majeurs de sa programmation.

Pour la Fondation Trois Cultures de la Méditerranée, organisatrice de cette rencontre internationale, la Culture est l'un des vecteurs fondamentaux de la transformation sociale. Ouvrir une fenêtre sur l'innovation culturelle du Proche-Orient et de l'Afrique du Nord, ainsi que sur notre patrimoine culturel contemporain et méditerranéen, n'est pas seulement un objectif essentiel pour la programmation culturelle du Wocmes Séville 2018, mais aussi un engagement avec tous les citoyens.

La proposition artistique s'articulera autour de deux expositions, l'une à l'Avenue de la Constitution et l'autre au Rectorat de l'Université de Séville, le siège du Congrès.

'New Morocco' Exhibition

Produced and curated by the Fundación Tres Culturas, this exhibition paints the portraits of the lives of Moroccan youths who, from the perspective of their day to day lives as workers or students, enlighten the viewer on their efforts and personal and professional capacities and a lifestyle not very different to that of many citizens of our country.

On the one hand, this photographic narration covers the stories of different Moroccan people who decided to travel to Spain for academic or professional preparation and who have now returned to Morocco to pursue their dreams of working in their homeland. The images transport us to the day to day life of these men and women, from businesspeople to social workers, who break the stigma of a generation of emigrants and show us Morocco's most hopeful future.

And on the other hand, like the reverse side of a two-way story, the 'New Morocco' exhibition presents a visual tale which allows the viewer to approach the world of young Moroccan students who travelled to Andalucía, leaving their families behind them, to attend university in southern Spain and thus continue their academic training.

The images and texts that make up this audio-visual display reveal these students' motivation and aspirations but also, as is the case for many Andalucian students, the nostalgia caused by finding themselves far from home.

The 'New Morocco' exhibition is the result of two photographic displays, 'Faces of the new Morocco' and 'Seeds of the new Morocco' which have been an important part of the Fundación Tres Culturas del Mediterraneo's cultural agenda since 2012 and were conceived as part of the European project MENARA. It has visited a number of important centres and institutions on an extensive itinerary: Fundación Euroárabe in Granada, Andalucía's Radio and Television station provincial centres in Jaén, Cádiz, Granada, Almería and Málaga, the Cervantes Institutes in Tangier and Tétouan, the Museum of Cádiz, El Molino in the Monument of the Alcazar of Jerez, the Castle of Guzmán the Good in Tarifa, the Fabrica de la Luz Centre in Chiclana, the Castle of San Romualdo in San Fernando.

Following this journey, it returns to Sevilla to the best possible backdrop, WOCMES 2018. And it does so with an aim to raise awareness of the circumstances surrounding migratory movements between the north of Morocco and southern Andalucía as well as a goal of making room for reflection on the presence and lives of Moroccan citizens in Andalucía.

Exposition 'Nouveau Maroc'

Produite et organisée par la Fondation Trois Cultures, cette exposition retrace le portrait de la vie des jeunes Marocains qui, dans leur quotidien comme salariés ou étudiants, montre au spectateur l'effort, la capacité personnelle et professionnelle et un style de vie pas très différent de celui de nombreux citoyens de notre pays.

D'une part, ce récit photographique raconte les histoires de différents Marocains qui ont décidé de se rendre en Espagne pour se former académiquement et professionnellement, et qui sont maintenant de retour au Maroc pour réaliser leurs rêves, travailler dans leur pays d'origine. Ce sont des images qui nous transmettent le quotidien de ces hommes et femmes, allant des entrepreneurs aux travailleurs sociaux, qui brisent la stigmatisation d'une génération émigrée et présentent l'avenir le plus prometteur du Maroc.

Et d'autre part, comme si cela était le revers d'une histoire aller-retour, l'exposition "Nouveau Maroc" offre le récit visuel à travers lequel le spectateur peut se rapprocher du contexte des jeunes étudiants marocains qui ont voyagé en Andalousie – en se séparant de leur famille dans leur pays d'origine pour poursuivre leurs études universitaires au sud de l'Espagne et poursuivre ainsi leur formation académique.

À travers les images et les textes qui décrivent cette oeuvre audiovisuelle apparaissent les raisons qui ont poussé ces étudiants, leurs attentes, mais aussi, comme cela arrive à de nombreux étudiants andalous, la nostalgie d'être loin de chez soi. L'exposition "Nouveau Maroc" est le résultat de deux expositions photographiques "Visages du nouveau Maroc" et "Semences du nouveau Maroc", qui depuis 2012 constituent une partie très importante de la programmation culturelle de la Fondation Trois Cultures de la Méditerranée, et du projet européen MENARA, dans lequel elles ont été conçues.

Elle a parcouru de nombreux établissements et institutions importantes au sein d'un vaste programme d'expositions itinérantes : Fondation Euroarabe à Grenade, les Centres Territoriaux de la Radiotélévision de l'Andalousie de Jaén, Cadix, Grenade, Almeria et Malaga, les Instituts Cervantès de Tanger et Tétouan, le Musée de Cadix, El Molino dans l'ensemble monumental de l'Alcazar de Xérès, le Château de Guzmán el Bueno à Tarifa, l'établissement Fábrica de la Luz à Chiclana, le Château de San Romualdo de San Fernando, etc.

Après ce long voyage, elle retourne à Séville à l'occasion du meilleur scénario possible, le WOCMES 2018. Et cela avec la vocation d'améliorer les connaissances des circonstances dans lesquelles se déroulent les mouvements migratoires entre le nord du Maroc et le sud de l'Andalousie, ainsi qu'ouvrir un espace de réflexion sur la présence et la vie des citoyens marocains en Andalousie.

EXHIBITIONS / EXPOSITIONS

'Three Cultures' Exhibition

From July 16th to September 30th 2018. Avenida de la Constitución

The Fundación Tres Culturas del Mediterráneo (Three Cultures of the Mediterranean Foundation), based on the legacy left by peaceful coexistence of three cultures and three monotheistic religions (Islamic, Jewish and Christian) of the Mediterranean in Andalusia, encourages the organisation of activities and projects to contribute to mutual knowledge, exchanges and cooperation between the different Mediterranean countries, societies and cultures. At the same time, it works to promote progressive creation in the Mediterranean of an area of peace and stability, of shared prosperity and of dialogue between cultures and civilisations.

Along the Avenida de la Constitución in the centre of Seville, spectators will be able to immerse themselves in the 'Three Cultures of the Mediterranean Foundation: the culture of tolerance' exhibition and visit the history of the Fundación Tres Culturas del Mediterráneo foundation from its creation until current times, with activities and events that have defined and continue to define the Foundation's work. They will also have the chance to discover some of the most important figures who have taken part and shared their work with the institution over its now considerable lifespan.

This exhibition, curated by the Fundación Tres Culturas del Mediterráneo, consists mainly of photographic work developed by photographer Anna Elías and others for the Foundation. A collection of images that represents the spirit of this institution, the conductive thread apparent in each and every one of its actions that consists of promoting dialogue and understanding between the people and the cultures of the Mediterranean.

That's why we at the Three Cultures of the Mediterranean foundation believe that culture is the best vehicle for dialogue in a complicated political context. In times in which confrontation and exacerbation of particularities provoke continual conflicts and situations of exclusion and marginalization, the Three Cultures of the Mediterranean foundation has assumed a commitment to promoting coexistence between cultures and religions through mutual knowledge and the exchange of ideas and experiences that encourage a rapprochement between the peoples of the Mediterranean.

Exposition Trois cultures

Du 16 juillet au 30 septembre 2018. Avenida de la Constitución

La Fondation Tres Culturas del Mediterráneo, grâce à l'héritage transmis par la coexistence pacifique des trois cultures et des trois religions monothéistes méditerranéennes d'Andalousie (islamique, juive et chrétienne), favorise le développement des activités et des projets qui contribuent à la compréhension mutuelle, aux échanges et à la coopération entre différents pays, sociétés et cultures méditerranéennes, tout en promouvant la construction progressive d'une zone de paix et de stabilité, de prospérité partagée et de dialogue entre les cultures et les civilisations dans le bassin méditerranéen.

Le long de l'Avenida de la Constitución, au centre de Séville, le spectateur peut s'imprégner de l'exposition « Fondation Tres Culturas del Mediterráneo : la culture de la tolérance » et explorer l'histoire de la Fondation depuis sa création

Cultural Agenda

jusqu'à aujourd'hui, à travers les activités et les événements qui ont défini et définissent encore aujourd'hui le travail de la Fondation Tres Culturas, et aussi découvrir certaines des personnalités les plus importantes qui, tout au long des nombreuses années de vie de cette institution, ont participé à sa croissance et partagé leur travail avec elle.

Cette exposition, organisée par la Fondation Tres Culturas del Mediterráneo, présente principalement des œuvres photographiques que la photographe Anna Elias, entre autres, a réalisé pour la Fondation. Un travail débordant d'images qui ne font que recueillir l'esprit de cette institution, le fil conducteur commun à chacune de ses actions, qui n'est autre que la promotion du dialogue et la compréhension entre les peuples et les cultures de la Méditerranée.

C'est pour cela qu'à la Fondation Tres Culturas, nous comprenons que la culture est le meilleur vecteur de dialogue dans un contexte politique complexe. À l'heure où la confrontation et l'exacerbation des particularismes provoquent des conflits continus et des situations d'exclusion et de marginalisation, la Fondation des Tres Culturas del Mediterráneo s'est engagée à promouvoir la coexistence entre les cultures et les religions par la connaissance mutuelle et l'échange d'idées et d'expériences qui favorisent un rapprochement des peuples méditerranéens.

'Flux, reflux et Reflets d'instants tannés de lumière' Exhibition

(*Ebb, flow and reflections of light-stained instants*)

From July 16th to September 30th 2018. Three Cultures of the Mediterranean foundation

The 'Flux, reflux et Reflets d'instants tannés de lumière' exhibition, a Moroccan Ministry of Culture proposal that includes the work of three important artists of contemporary photography: Jaâfar Akil, Thami Benkirane and Mohamed Mali, can be visited at the Three Cultures of the Mediterranean foundation headquarters.

The three photographers' work invites viewers to think about the perception and representation of their pieces and encourages exchanges and dialogues between their audiences and consolidation of ties between Moroccan artists and those from the other shore.

Jaâfar Akil

His work has evolved over recent years and now leans towards street photography and focuses on memories in their different forms: personal and family, imaginary and real, individual and collective, intimate space and public space.

Akil is constantly searching for 'The Photo' that can best materialise his dreams, the photo that is also the instrument of a fragmented rewriting, focused on the detail, attracted by the hybridity of daily life and that tends, sometimes, to express absence as a trace of visual memory.

Jaâfar Akil comes from Fez. He's very much involved in promoting photography in Morocco and is President of the Moroccan Association of Photographic Art and Artistic Director of the Rabat Photographic Meets.

His most important works include a photo album entitled 'Casa – Paris: Déambulations', created in 2014 as the result of an artists' residency at the Cité Internationale des Arts in Paris, and an exercise entitled 'With respect to photography in Morocco' published by Le Fennec in 2015.

Thami Benkirane

This university professor from Fez specialises in language sciences and experimental phonetics, and is a self-taught artist who demonstrates photography as a visual art linked to literature.

He has a number of exhibitions to his name, both individual and collective, in Morocco and abroad (Algeria, Tunisia, Lebanon, Iran, Mali, France, Germany).

Among many other exhibitions, in 1999 he took part as photographer in the 'Year of Morocco' in France and in 2014 in the inaugural exhibition of the Mohammed VI Museum of Art modern and contemporary art museum in Rabat. His most recent exhibitions include:

'Bar code of gravity' at Fab Lab NegPos in Nîmes, December 2015 – January 2016.

'Fez et gestes' at the Festival Arabesque in Montpellier, France, in May 2016.

'Public space, private space' at the Rabat Photographic Meets, at the Bab Rouah National Gallery of Rabat in May and June 2017.

'The drunken light of the book' at the French Institute in Fez from November 24th to December 31st 2017.

Mohamed Mali

This artist lives and works in Casablanca, and encouraged by his love of photography (his greatest and eternal passion) in 1988 he became one of the founding members of the Moroccan Photographic Art Association (AMAP) which has the main goal of promoting Moroccan photography. The same goal that would later, in 2002, lead to him becoming Chief editor of "News Photo" magazine.

During this period, he multiplied his experiments both in Morocco and abroad, always remaining true to his favourite theme: light.

In fact, this photographer, originally from Figuig, the city of dawn by excellence, is absolutely fascinated by light, a matter he manipulates with great ease and an artistic sensibility of exceptional quality.

In Mali's work we can also find an unchanging trio of constant features: shapes, spaces and architecture.

Three Cultures of the Mediterranean Foundation cultural proposal for WOCMES 2018, running simultaneously at the Rectorate of the University of Seville, revolves around the 'New Morocco' exhibition and 'The Absence of Paths' performance.

Exposition « Flux, reflux et Reflets d'instants teints de lumière»

(Flux, reflux et réflexions sur des instants teints de lumière)

Du 16 juillet au 30 septembre 2018. Fondation des Trois Cultures

Au siège de la Fondation des Trois Cultures, vous pourrez visiter l'exposition « Flux, reflux et Reflets d'instants teints de lumière », une proposition du Ministère de la culture marocaine, qui regroupe les œuvres de trois grands artistes de la photographie contemporaine : Jaâfar Akil, Thami Benkirane et Mohamed Mali.

Le travail de ces trois photographes suscite une réflexion sur la perception et la représentation de leurs œuvres, les échanges et dialogues avec le public et la consolidation des liens entre les artistes marocains et les artistes de l'autre rive.

Jaâfar Akil

Ces dernières années, son travail a évolué vers la photographie de rue et met l'accent sur la mémoire dans ses différents aspects : personnel et familial, imaginaire et réel, individuel et collectif, espace intime et espace public.

Akil est constamment à la recherche de « la photo » qui peut mieux matérialiser ses idées. La photo est aussi l'instrument d'une réécriture fragmentée, centrée sur les détails ; instrument attiré par l'hybridité du quotidien et qui tend, par moments, à exprimer l'absence comme trace de mémoire visuelle.

Jaâfar Akil, originaire de Fès, est très impliqué dans la promotion de la photographie au Maroc, et est président de l'Association Marocaine d'Art Photographique et Directeur Artistique des Rencontres Photographiques de Rabat.

L'album photo intitulé « Maison - Paris : Déambulations », une œuvre créée en 2014 alors qu'il demeurait dans une résidence d'artistes à la Cité Internationale des Arts à Paris, ainsi que l'essai intitulé « En ce qui concerne la photographie au Maroc » publié par Le Fennec en 2015, font partie de ses œuvres les plus significatives.

Thami Benkirane

Né à Fez, il est professeur d'université spécialisé en langue et phonétique expérimentale et artiste autodidacte qui enseigne la photographie en tant qu'art visuel vis-à-vis de la littérature.

Il possède diverses expositions individuelles et collectives au Maroc et à l'étranger (Algérie, Tunisie, Liban, Iran, Mali, France, Allemagne).

Il a participé à de nombreuses autres exhibitions en tant que photographe : l'exposition « l'année du Maroc », qui s'est déroulée en France en 1999 ; et l'exposition inaugurale d'art moderne et contemporain du Musée d'Art Mohammed VI de Rabat en 2014. Parmi ses dernières expositions figurent :

« Codes-Barres de La Pesanteur » au Fab Lab NegPos à Nîmes en France, décembre 2015- janvier 2016.

« Fez et gestes » au Festival des Arabesques de Montpellier en France, mai 2016.

« Espace public, espace privé » aux Rencontres photographiques de Rabat, dans la galerie National Bab Rouah de Rabat, mai et juin 2017.

« Livre lumière du livre » à l’Institut Français de Fès, du 24 novembre au 31 décembre 2017.

Mohamed Mali

Il vit et travaille à Casablanca. Animé par l’amour de la photographie, sa passion principale et éternelle, cet artiste fut en 1988 l’un des membres fondateurs de l’Association Marocaine de l’Art Photographique (AMAP), dont l’objectif principal est de promouvoir la photographie marocaine. Le même objectif qui l’amènera plus tard, en 2002, à devenir rédacteur en chef du magazine « News Photo ».

Pendant cette période, il va multiplier les expériences tant au Maroc et qu’à l’étranger, en restant toujours fidèle à son sujet de prédilection : la lumière.

En effet, ce photographe, né à Figuig, la ville de l’aube par excellence, est absolument fasciné par la lumière, une matière qu’il manipule avec une grande facilité et une sensibilité artistique d’une qualité exceptionnelle.

Simultanément au sein du Rectorat de l’Université de Séville, la proposition culturelle de la Fondation des Trois Cultures pour WOCMES 2018 sera organisée autour de l’exposition « Nouveau Maroc » et de la représentation « L’Absence de Chemins ».

Khansa Batma

Saturday July 21st 2018 | 9 p.m.

Khansa Batma from Casablanca is often described as the 'first lady of rock' in Morocco.

As well as being an important name on the Moroccan rock scene and the only female artist involved in this type of music in Morocco, she also comes from a great Moroccan musical family. Self-taught and with an exceptional voice, she began official studies at the Casablanca Conservatory at the age of nine and entered the musical scene in 2001 with her first album, "Sharq wa Gharb", that included Moroccan folk songs with European instrumental arrangements and World Heritage songs with Moroccan rhythms.

In 2003 she released her second album, "Ala Abwab El Sahra" (At the gates to the desert), a collection of songs in which she describes the journey of a lost soul from the south of Spain to Sudan and the north of Africa. Her third album, "The Dark Album" was very successfully received by a youthful audience. Batma's songs combine Arabic and Moroccan rhythms with Rock.

Khansa Batma

Samedi 21 juillet 2018 | 21 heures

Née à Casablanca, Khansa Batma est souvent décrite comme « la première dame du rock » du Maroc.

En plus d'être une figure marquante du rock marocain et la seule artiste féminine de ce type de musique au Maroc, elle est l'héritière d'une grande famille musicale marocaine. Autodidacte, dotée d'une voix exceptionnelle, elle commença ses études au Conservatoire de Casablanca à l'âge de neuf ans et se lança sur la scène musicale en 2001 avec son premier album intitulé « Sharq wa Gharb » qui présentait des chansons folkloriques marocaines avec des arrangements d'instruments européens et des chansons du Patrimoine Mondial avec des rythmes marocains.

En 2003, elle sort son deuxième album « Ala Abwab El Sahra » (Aux portes du désert), une collection de chansons dans laquelle elle décrit le voyage d'une âme perdue errant du sud de l'Espagne jusqu'au Soudan et en Afrique du Nord. Son troisième album, « The Dark Album », a connu un grand succès auprès des jeunes. Les chansons de Batma combinent des rythmes arabes et marocains au rock.

WOCMES Film Festival / Festival du cinéma

The films that we will screen in this edition of WOCMES have two main objectives:

The first one is to highlight films made by women from Mediterranean and Middle Eastern countries. A vision that brings us closer to the universe of women in unknown spaces of cohabitation. The majority of the films, shortfilms and documentaries are focused on the problematic lives of women from different countries, expressing different world views.

In the second place we present a participative and democratic Film Festival that brings visibility to the works proposed by different people registered in the Congress. These people have shown interest in topics such as wars, quest for identity, social groups situation, etc. This Festival offers awarded films and documentaries as well as other austere ones, but still dealing with interesting topics.

Our aim is to encourage other dialogues, to emphasize with the characters in those films, that show us conflicts and illusions so we can find ourselves in them. We would like to thank all the people who has sent us proposals and we hope this Festival will be useful to move forward with dialogue and peace between people.

The screenings will take place at the Aula Magna of the University of Seville. Some of these films will also be shown at the headquarters of the Three Cultures of the Mediterranean Foundation during the Congress.

WOMEN'S VOICES FROM DAMASCUS

Randi Deguilhem, France, 2010. 52 min.

Filmed over a period of three years (2008- 2010), the film gives an opportunity to see and hear Syrian women of different ages speaking about their work, their families, their lives and their hopes for the future. This documentary is the result of friendships and multiple conversations with Damascene women: a pediatrician who speaks about caring for Iraqi refugees who fled to Damascus after the 2003 invasion of their country, a young architect with hopes of becoming ambassador for her country, a graphic artist who created a monthly cultural diary in Damascus, etc.

ISLAM'S WEDDING...AND OTHER BEDOUIN STORIES FROM THE NAQAB

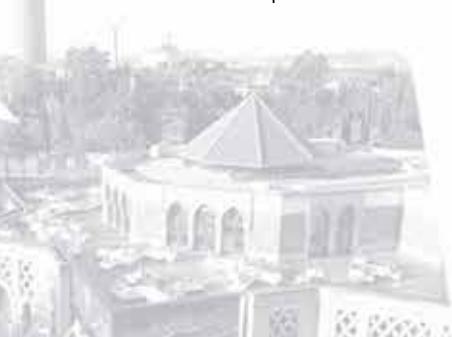

Yiannis Kanakis, UK, 2015. 55 min.

This film focuses on strategies of cultural endurance and resistance. It traces the stories of different Bedouin residents of Rahat and Laqya, two Bedouin townships in the Naqab. Music and dance, as well as other types of oral and embodied performances, are essential in negotiating (inventing, codifying, embodying, etc.) older and newer collective and individual identities. They thus provide excellent tools in approaching today's sensitive transitional period in Naqab Bedouin history.

The film touches upon political debates about Islamic marriage, features converts involved in conducting mosque lectures, matchmaking, or in marriage counseling, but the personal stories of ordinary converts take center stage. Converted men and women, from different backgrounds, talk about topics such as 'halal dating', how to find a partner, and how to approach concluding a marriage.

[Ayeb Habib](#), France, 2017. 60 min.

Tunisians have the right to eat well; Tunisians—children from Ben Guerdane to Bizerte,” exclaims one of Habib Ayeb’s interlocutors in his new documentary *Couscous: Seeds of Dignity*, lamenting that schoolchildren eat plastic-wrapped industrial food while educated elites seek out heirloom wheat flour. The film, like so many recent documentaries that tackle the corporatization and globalization of food, also aims to move consumers to make more nutritious or ethical food choices.

CAMERA/WOMAN

[Karima Zoubir](#), Morocco, 2012. 59 min.

Working as a videographer at weddings in Casablanca, Khadija Harrad is part of the new generation of young, divorced Moroccan women seeking to realize their desires for freedom and independence while honoring their families’ conservative wishes. As it unveils the issues that confront working-class Muslim women in societies now undergoing profound change, this arresting film reveals that for Khadija, unbowed in the face of overwhelming odds, the camera becomes a liberating force.

REPORT FROM WORLD 3

[Mark Woodcock](#), USA, 2016. 100 min.

Filmed across Algeria in the 1970s, *Report from World 3*, now digitally enhanced and eerily relevant to today’s headlines, looks back at unresolved issues and missed chances in one third world country’s struggle for independence and development (turmoil in Lebanon, self-determination for Palestinians and the Western Sahara, even the North-South divide, now re-emerging over how to deal with climate change.)

THE DIS/APPEARED: 25 NOTES ON COLONIAL REGIMES OF PERCEPTION

[Paul Ian](#), USA, 2018. 33 min.

Experimental video essay that examines the totalizing imposition of colonial perception in contemporary Palestine. BREAKING SILENCE

Nadya Ali, USA, 2016. 40 min.

Three Muslim women share their stories of sexual assault and, in a deeply personal way, they challenge the stigma that has long suppressed the voice of survivors. Throughout America, many Muslim communities persist in stigmatizing all discussion of sex-related subjects. Breaking Silence takes a radical and humanizing approach to the emotional scars of sexual assault, giving women the space to share their voices without shame.

CASABLANCHA CALLING

Rosa Rogers, U.K., 2014. 70 min.

«Que l'état de mon pays me désole... Malheureusement, on casse la compétence, on brise la conscience, on casse la beauté...je crois que les choses sont devenues plus qu'impossibles». Adel

«Les moyens de vie sont inexistant. Il n'y a que des possibilités de suicides. Elles sont nombreuses. Tu peux mourir comme tu veux, mais pour vivre il n'y a aucun moyen de vie». Tahar

Tous sont des citoyens algériens.

INNER MAPPING

Stéphanie Latte Abdallah et Emad Ahmad, France, 2014. 51 minutes.

Inner Mapping experiments the territorial limits of the Israeli occupation in the West Bank. Depending on who you are, the car you are driving, your circulations are separate, parallel. The country becomes the network of roads, paths that you can take. The guide of this strange road movie, the Palestinian GPS, is concrete, technological, graphic. Driving with the GPS is living an absurd map. The film shows the fracture between the territory of a lost continuity, that of a dreamed and political Palestine, and daily Palestine: The West Bank of possible movements, of the GPS, cut into 2 maps, Israeli and Palestinian.

H'NA BARRA (NOUS, DEHORS)

Bahia Bencheikh-El-Fegoun, Algeria, 2014. 52 min.

Un espace public masculin, des corps de femmes qui dérangent. Ni les hommes ni les femmes ne savent quoi faire de ce corps féminin. Ce film est la rencontre de femmes en quête de sens, qui s'interrogent pour se confronter à leur propre histoire. Qui sont-elles aujourd'hui face à la confusion d'une société qui ne « sait pas quoi en faire » alors qu'elles sont de plus en plus nombreuses à être dehors, dans cet espace public. Une société imprégnée de contradictions, de convictions religieuses et d'ignorance de l'autre, qui fait d'elle une cible permanente.

FEMINISM INSHALLAH: A HISTORY OF ARAB FEMINISM

Feriel Ben Mahmoud, France, 2014. 52 min.

This groundbreaking documentary recounts Arab feminism's largely unknown story, from its taboo-shattering birth in Egypt by feminist pioneers up through viral Internet campaigns by today's tech-savvy young activists during the Arab Spring. Filmmaker and author Feriel Ben Mahmoud tracks the progress of Arab women in their long march to assert their full rights and achieve empowerment.

A GLIMPSE OF PARADISE: AL ANDALUS. THE HERITAGE OF THE MOORS

Veronika Hofer, Austria, 2016. 43 min.

Andalusia was a part of the Islamic World for nearly eight hundred years. Gardens here are a reminder of this period through until today. How did this epoch shape garden art in southern Spain and what roles did handicrafts and architecture have in all of this? The film sets out on a voyage of discovery to the roots of European garden art, which are over a thousand years old and Islamic.

CALEIDOSCOPICASA

Laura Guarino, Italia, 2017. 47 min.

Casablanca, la ville blanche, en réalité c'est une ville aux différentes teintes et nuances. Un kaléidoscope. Ça peut te faire tourner la tête. Tu l'aimes ou tu la détestes. La métropole désordonnée, contaminée, moderne et traditionnelle. Ancienne médina.

La vidéo aborde des problématiques telles que la culpabilisation des victimes et met en évidence que les femmes peuvent être blâmées non seulement par les agresseurs, mais également par la famille, les proches, la société ainsi que par leurs pairs.

HUNNA: MOTHERS OF THE REVOLUTION

Mohamad Al-Junde, Mustafa Kharnoub, and Tory Brykalski, Lebanon, 2016. 21 min.

Mothers of Revolution attempts to re-contextualize the Syrian revolution and ongoing violence by having individual women revolutionaries tell their stories.

Focusing on four women-- Ola Al-Junde, Sabah Al-Halaq, Fadwa Burhan, and Ghalia Al-Rahaal-- Hunna recounts the early days of the revolution and hopes to tell a story about Syrian women that exceeds the tired accounts of Syrian women as suffering, apolitical, victims. In so doing, it also aims to shed light on the soul of the revolution that has been forgotten, erased, and warped by the media, the regime, and the officially recognized opposition leaders.

THASAKOORTH

Miriem Sadoun, USA, 2017. 6 min.

Kahina recalls the series of events that led to the tragic death of her mother. The daughter and her mom walked in the forest one day looking for a bird-*Thasakoorth-* that belongs to an abusive father. As they were searching for the lost bird, Kanina's mom had a bad fall which drew the attention of a shapeshifter who took her life but spared the baby in her tomb. Kahina collected her baby brother and the remains of her mom and decided to leave the scene towards a new reality. "It was all because of a *Thasakoorth*, said Kahina", yet *Thasakoorthot* is not only about a sad memory in the mind of a daughter but also an allegory of patriarchal domination and power.

Explore centuries of intellectual and cultural links between the Middle East and Europe

"This is a beautiful and fascinating collection primarily for scholars and researchers with a deep interest in the influence of the Middle East on the West." *Library Journal*

The Arcadian Library is an exceptional, privately-owned library, which documents and celebrates the shared cultural heritage of Europe and the Middle East. Rare ancient manuscripts, early books and incunabula, documents, maps, and printed books combine to tell the story of the shared heritage of Europe and the Middle East across a millennium.

Announcing for September 2018: Europe and the Ottoman World: Diplomacy and International Relations

Originating from between 1475 and 1877, this new collection of 35,500 facsimile images contains rare and important diplomatic correspondences, treaties and accounts of ambassadorial missions. Collection highlights include:

- Unique illuminated and signed vellum letters from James I and Charles I to Sultan Osman II and to the Grand Vizier of Sultan Murad IV, demonstrating attempts to open up new trade routes between Britain and the Middle-East.
- A rare collection of Italian manuscripts relating to a diplomatic mission from the Shah of Persia to Pope Clement VIII, led by the celebrated diplomat Sir Anthony Sherley.
- The Stopford Papers: a completely unstudied archive of the official papers, letters and briefings sent to Admiral Sir Robert Stopford between 1837-1844, including correspondence with the prime minister, during his time as Commander-in-Chief of the British Mediterranean Fleet during the Syrian War.
- A collection of 18th century anti-Turkish propaganda pamphlets, providing insight into the history of Islamophobia in Europe.
