*Avril 2023 / April 2023*

**Cette bibliographie comporte 1407 références classées par ordre alphabétique des premiers auteurs et court de 2009 au 31 mars 2023.** Outre les articles de revues, elle inclut les documents de type : thèse, carte, ouvrage et chapitre d'ouvrage, communications à des congrès.

**Avertissement :** De nombreuses publications ne mentionnent pas directement ou clairement l'origine des données utilisées (notamment lorsque ces données proviennent de bases de données agrégatives). Il est donc impossible d'établir une liste exhaustive des publications basées sur les ressources Résif. La liste qui suit offre cependant un aperçu du large éventail des travaux de recherche scientifiques rendues possibles par Résif.

**This list of publications includes 1407 references listed in alphabetical order of first authors and covers the period from 2009 to March 31, 2023.** In addition to journal articles, it includes documents such as thesis, maps, books and book chapters, and conference papers.

**Warning :** Many publications do not directly or clearly mention the origin of the data used (especially when these data come from aggregated databases). It is therefore impossible to draw up an exhaustive list of publications based on Resif resources.
