Our Story

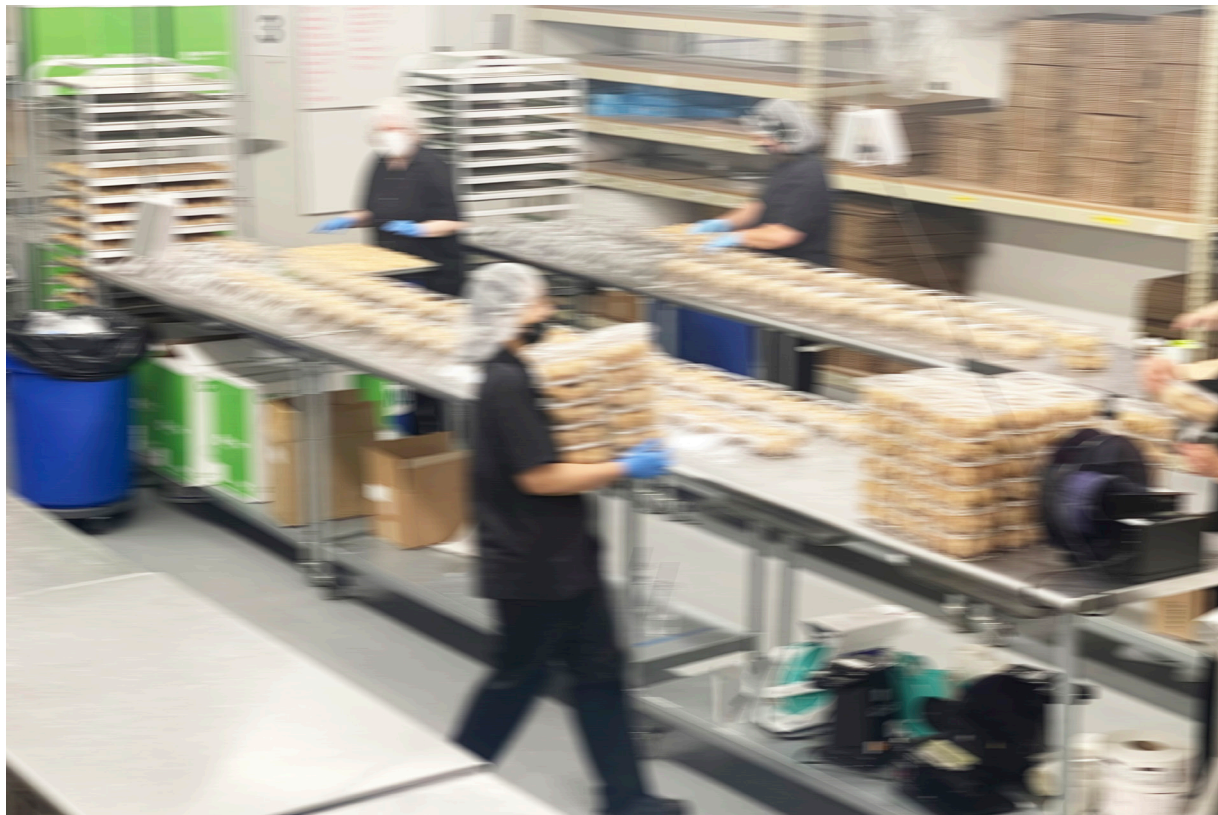

Bisousweet's story is one of adventure, devotion, people, and lots of butter and sugar. Karen Collins started selling to direct clients in her home kitchen in 2005 and landed her first wholesale customer in 2009. A self-taught pastry chef, Karen turned her passion for baking into an opportunity to connect with others, create memories, and help make people feel loved with her desserts. From the earliest days of the company, the mission has been to craft decadent treats the old-fashioned way, by hand, using the best ingredients. Real butter. Belgian chocolate. Pure vanilla. Cage free eggs. King Arthur flour.

Found in stores across the country, Bisousweet's memorable product lines stand out on the shelves. We recommend you get to know us with our Doughnut Muffins that are baked, not fried, and which taste like an old fashioned doughnut. From there, try our uniquely soft Biscotti, our Linzer Hearts or another signature cookie, and our delicious Whoopie Pies. We have the ideal product assortment that allows you to indulge in a little Bisousweet every day.

Our woman-owned business has been putting a twist on traditional treats for over a decade. As we prepare to relocate this August into our new 20,000 square foot facility in Leominster, Massachusetts, we remain committed to honoring our processes, traditions and to baking exceptional, all natural treats for our customers.

We are honored and grateful to be recognized as the Massachusetts
Woman Owned Business of the year.

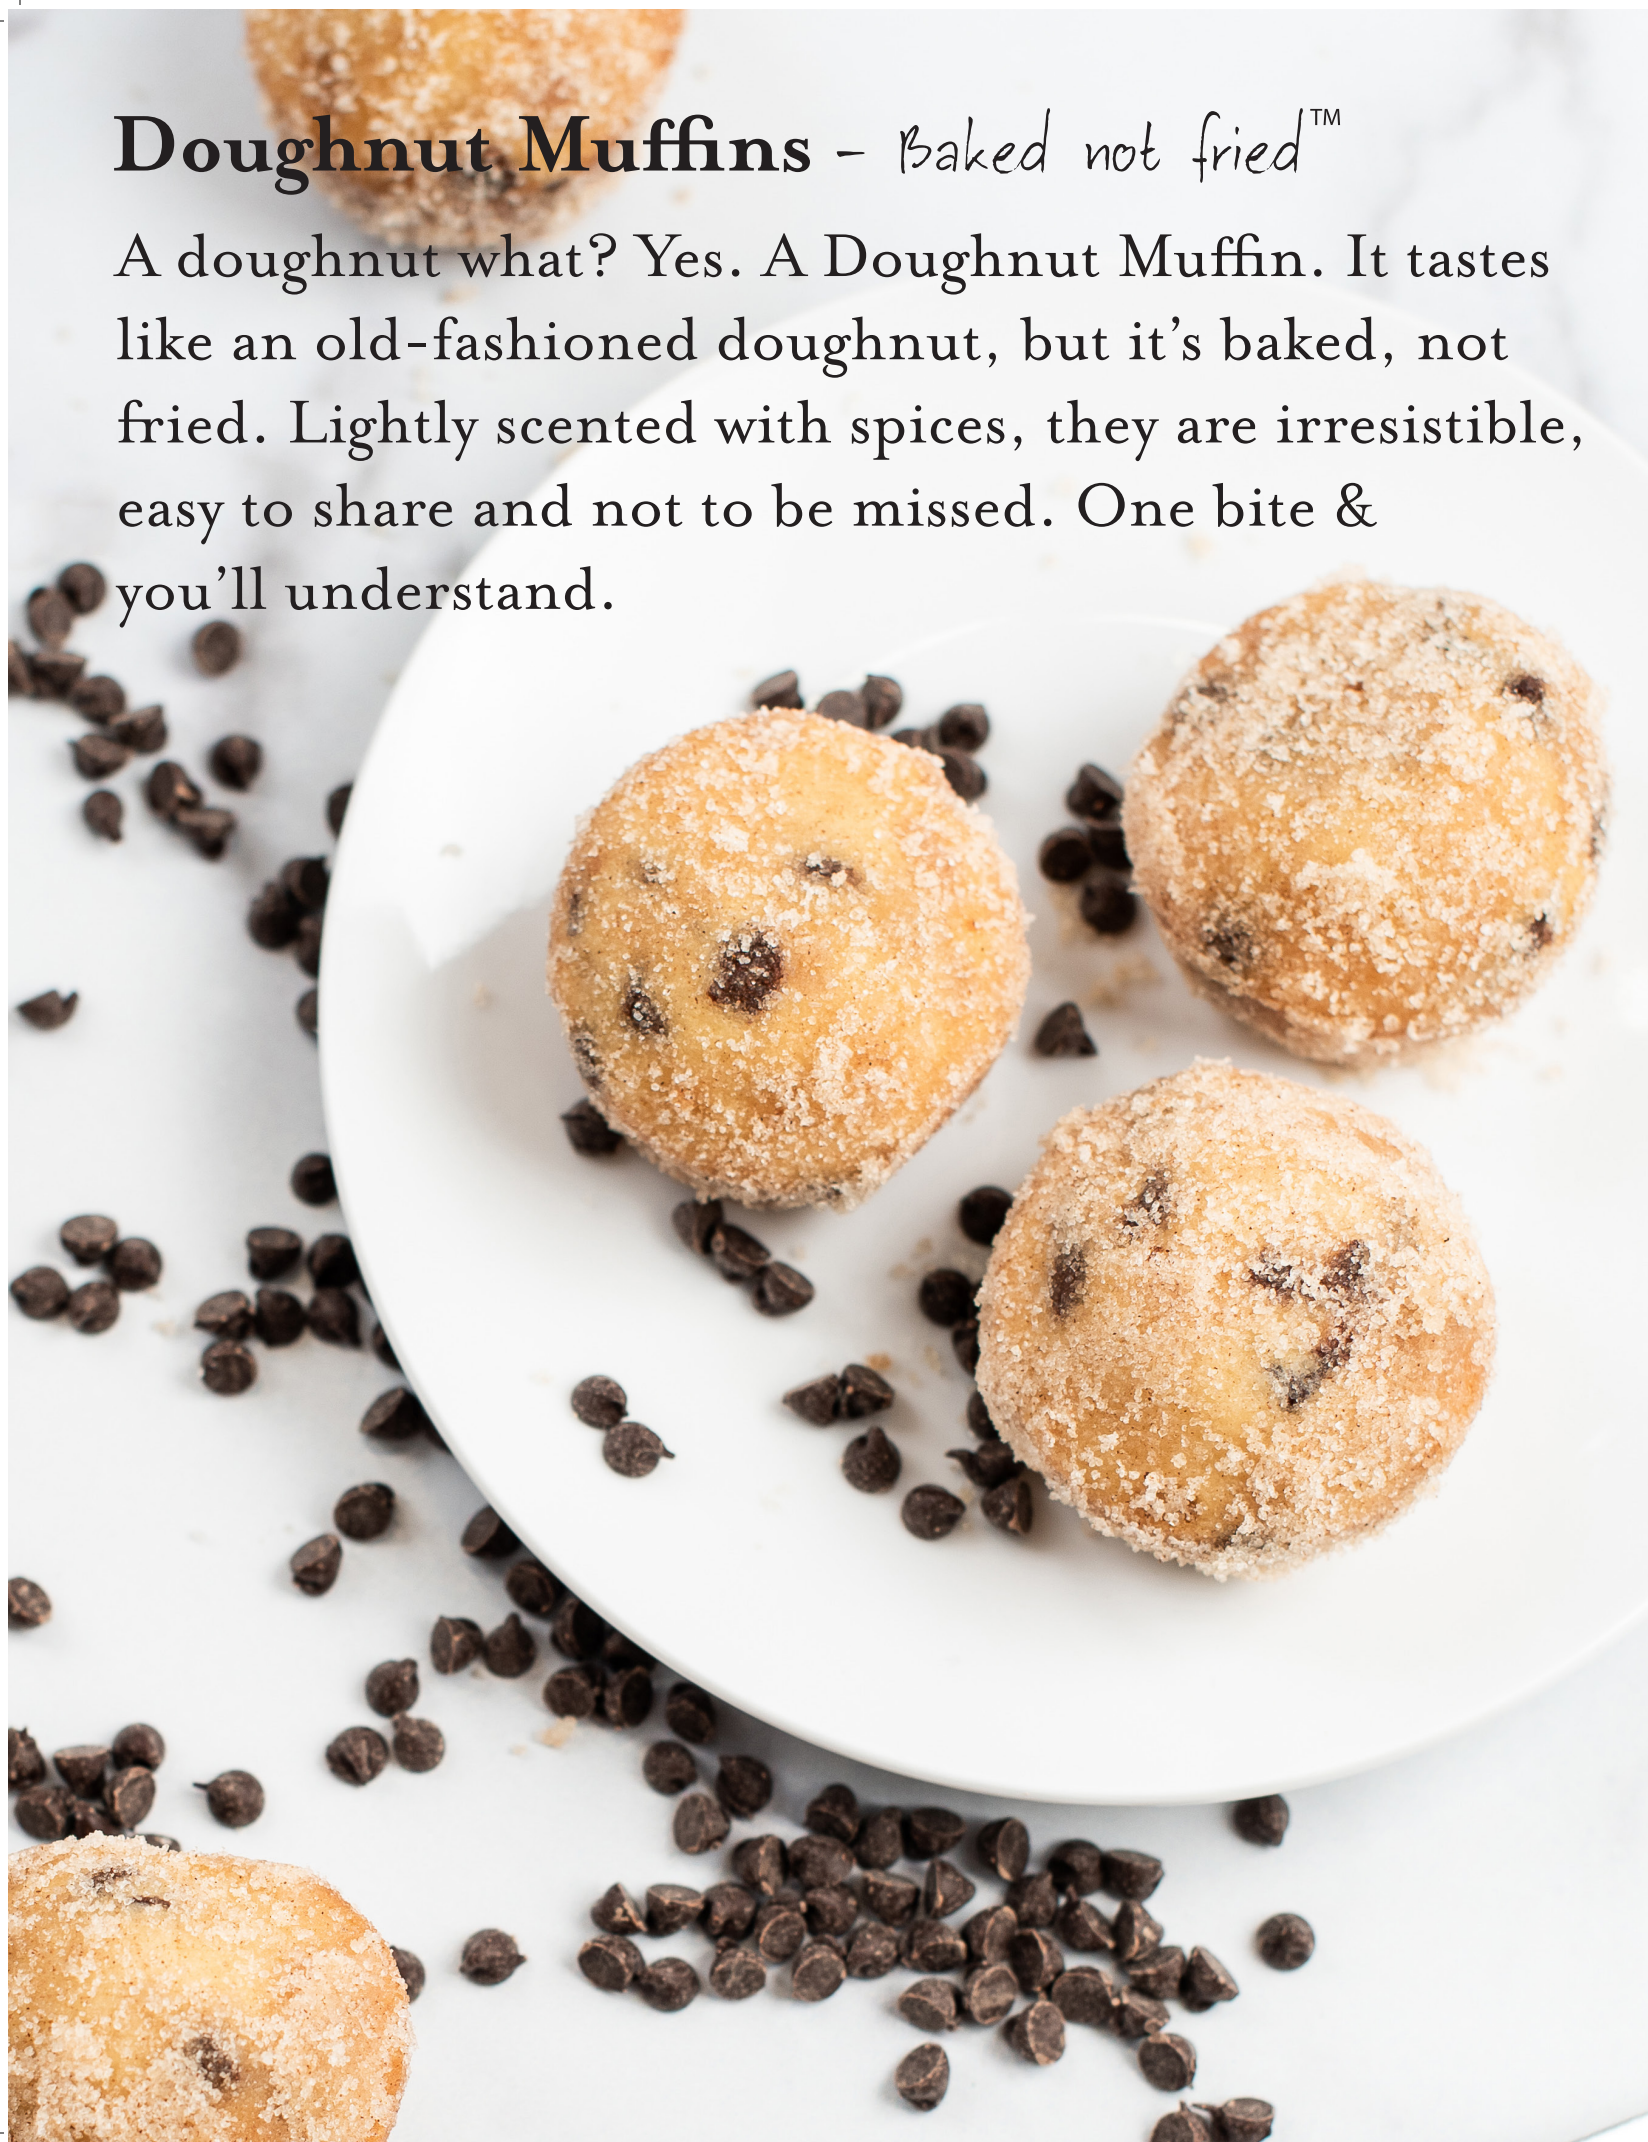

“Our mission has always been to create
handcrafted sweets that become treasured,
memorable experiences.”

-Karen

Doughnut Muffins - Baked not fried™

A doughnut what? Yes. A Doughnut Muffin. It tastes like an old-fashioned doughnut, but it's baked, not fried. Lightly scented with spices, they are irresistible, easy to share and not to be missed. One bite & you'll understand.
