We can offer several hundred high quality potted trees for sale during the summer. A broad range of sizes beyond those listed in the catalogue are available; please contact us with your requirements.

Please enquire for trade and quantity discount.

This year's catalogue does not include VAT.

Bare rooted or open ground trees should be lifted and replanted whilst dormant, usually from November to the end of March. Roots of "lifted" trees should be kept moist and protected against frost. If not planting within 7 to 10 days of receipt it is advisable to "heel in" or cover roots completely.

When soil conditions are suitable, the tree should be planted on the old soil line, at the depth it was in the nursery. Slow release fertiliser should be incorporated into the existing backfill. It is important to use an adjustable tree tie with protective buffer between stake and tree. Keep the ground around the tree grass and weed free for at least the first two growing seasons ideally using manure as a surface mulch.

A more complete planting guide is available on request.

IT IS VERY IMPORTANT NOT TO PLANT TOO DEEPLY. THE ROOT WRAP ON ROOT-BALLED TREES SUCH AS YEW MUST BE LEFT ON.

Non Warranty

Whilst every possible care is taken to ensure that all our trees are true to type and variety, we are unable to accept responsibility for damage arising from disease, error, frosts, drought, poor drainage, planting too deep, or other causes. We ask however, to be advised immediately on receipt of goods of any complaint.

Orders

Orders are accepted subject to the plants being unsold on receipt of the order. The placing of an order constitutes an acceptance of these terms.

TREE SUITABILITY GUIDE

Chalk /Alkaline Soils: Acer (most), Aesculus, Carpinus, Cercis, Crataegus, Fagus, Malus, Morus, Populus alba, Prunus, Sorbus aria.

Clay Soils: Acer (most), Aesculus, Alnus, Betula, Carpinus, Crataegus, Eucalyptus, Ilex, Malus, Platanus, Populus, Prunus, Quercus (most), Salix, Sorbus, Tilia.

Acid Soils: Betula, Castanea, Cercis, Gleditsia, Ilex, Populus alba, Populus tremula, Robinia.

Exposed sites: Betula, Crataegus, Fagus, Populus robusta, Populus tremula, Sorbus (most).

Wet Sites: Alnus, Amelanchier, Betula nigra, Populus, Pterocarya, Salix, Taxodium.

Autumn Colour: Acer, Amelanchier, Cercidiphyllum, Cladrastis, Liquidambar, Liriodendron, Prunus (most), Rhus, Zelcova.

Impressive Flower: Aesculus, Amelanchier, Catalpa, Cercis, Cornus (some), Crataegus, Davidia, Eucryphia, Koelreuteria, Laburnum, Malus, Paulownia, Prunus, Ptelea, Pyrus, Robinia, Styrax.
